# DEFEAT JOHNSON AMENDMENT

## CABINET OUTLINES PROGRAM FOR PROTECTING NATION FROM STRIKE

### MANY WAYS OPEN FOR FEDERAL ACTION

Government Will Not Take Stand on Merits of the Coal Controversy

JUST DUES FOR MEN IF THEY ARBITRATE

Var Powers Give U. S. Much Latitude to Act For Good of Country

WASHINGTON, Oct. 27.—Cabinet members have prepared a program of law enforcement which they believe will protect the country from any emergency arising out of the threatened coal strike if the miners' officials insist in putting it into effect.

Pending the decision of the miners the government will take no stand as to the merits of the controversy publicly. It was indicated today, however, that the blame for the present situation is not regarded as one sided and that the miners if they consent to arbitrate as offered by the president will have their just grievance remedied.

There are several openings through which the government may step into the coal controversy.

The present contract, which is to run until the end of the war, or until April 1, 1920, was made with the sanction of the fuel administration, a government agency. This was pointed out specifically by President Wilson in his warning to the miners Saturday as indicating the government considered the proposed strikes unlawful.

**Food Control Law**  
The food control law also gives the government opportunity to take a hand in the strike through its provisions making it illegal to interfere with production and allowing the government to take over a mine to insure continued production.

Even without this law, officials here point out, the supreme court's broad definition of war powers would give the government plenty of latitude for action. In passing on various war laws, the supreme court declared that the government had the power to do almost anything in the interest of the nation's existence.

When the two sides of the coal controversy finally get together to discuss matters, it is expected that government officials will not allow negotiations to drag. Miners in previously refusing to call off their strike say that prolonging negotiations was the aim of the operators.

While preparing plans for a new industrial conference to take up the industrial situation in its broad aspects, officials here today believed that a rescinding of the coal strike would go a long way toward quieting threats of further trouble immediately.

**Mine Workers Officials Stand Pat For Striking**

SPRINGFIELD, Ill., Oct. 27.—Officials of the United Mine Workers of America today stood pat on their strike call for next Saturday.

John L. Lewis, acting president of the union, on his arrival at his home here from Washington, stated the situation was unchanged by the appeal.

### New Viscount Astor Quits Attempting To Lose His Title

LONDON, Oct. 27.—The new Viscount Astor, after vainly trying to divest himself of the peerage, has consented to his wife becoming a candidate from Plymouth to succeed him in the House of Commons, it was learned today.

Major Waldorf Astor, American born, came into the title with the recent death of his father. This automatically vacated his seat in Commons and transferred him to the House of Lords. He was deeply interested in politics and did not take kindly to the change. According to his intimates, he seriously undertook to rid himself of the title, only to be told that it "wasn't done."

### WILSON VETOES ENFORCEMENT MEASURE

WASHINGTON, Oct. 27.—President Wilson today vetoed the national prohibition enforcement act passed by congress to enforce the war-time and constitutional prohibition.

The president vetoed the bill because of that part which refers to war-time prohibition. "I object to and cannot approve that part of the legislation with reference to war-time prohibition," said the President in a statement addressed to the house explaining his veto. "It has to do with the enforcement of an act which was passed by reason of the emergencies of the war and whose objects have been satisfied in the demobilization of the army and the navy and whose repeal I have already set at the hands of congress."

The President's action was announced after a conference this afternoon between the President and Secretary Tumulty.

### SOCIALISTS PLAN TO RENOMINATE BERGER

MILWAUKEE, Wis., Oct. 27.—Socialists of Milwaukee today planned to renominate Victor Berger as candidate for congress if he is unelected because of his convictions under the espionage act. If Berger is ousted, as recommended by the house elections committee, a special election will be called immediately to fill his place. Socialists started their campaign to renominate and re-elect Berger immediately after the election committee's report was made public.

Arthur Barry, Republican county chairman, today declared that if Berger is renominated a protest would be filed with the secretary of state against placing his name on the ballot.

### SHANTUNG PROMISE TO BE KEPT DECLARES JAP

SAN FRANCISCO, Oct. 27.—Japan will not consider her promise to return Shantung to China a "mere scrap of paper," is the statement today of Kijuro Shidehara, newly appointed Japanese ambassador to the United States.

Shidehara issued a statement assuring America that Shantung will be returned. He set no definite date for this action, however.

Shidehara arrived here yesterday aboard the T. K. K. liner Siberia Maru.

**WON'T CALL GOVERNORS FOR STRIKE MEETING**

INDIANAPOLIS, Ind., Oct. 27.—Governor Goodrich will not call a conference of governors to deal with the coal strike situation, he stated here today.

"The calling of the conference rests with Governor Harding of Iowa, who proposed the meeting," the governor stated.

### GLAND GIVES NEW ENERGY AND HOPE TO MAN

Agan San Quentin Prisoner Notices Great Change In Eleven Days

SAN QUENTIN, Cal., Oct. 27.—"I am a new man. Already I can feel the new energy in me and my ambition has returned."

That statement was made to the United Press today by J., the old man who, eleven days ago was given interstitial glands taken from the body of Tom Bellon, who had been hanged at San Quentin prison.

As J. spoke he stretched out his arms and flexed them like an athlete. His eyes sparkled and there was resonance in his voice.

J. still is confined to the hospital ward of the prison and he lay on his cot. He has been permitted, however, to take short walks. He repeated time and again that he felt "like a new man."

The Prison physicians, Dr. L. L. Stanley and Dr. G. David Kelker, who implanted the glands in J., said there had been a marked change in their patient.

**Takes on New Hope**  
J. himself said he seemed normal in vigor for the first time in 25 years. He is serving a sixty-year term, and since he has once violated his parole there is slight chance that he will be paroled again. He looks on life with a new hope, however.

The controversy as to who first performed the gland implantation operation continues.

Dr. Stanley today received a cablegram from Dr. Serge Voronoff, the Paris doctor, who claims to have originated the operation. The cablegram reads:

"Hear with pleasure of your application of my method. I do grafting by dividing glands into many pieces and putting them in their natural place."

Credit, however, is given by Dr. Stanley to Dr. G. Frank Lydston, of Chicago for first performing the operation. His report on a successful transplantation of glands was made one month prior to Dr. Voronoff's report, according to medical records.

**Concerns Different Glands**  
Voronoff's operation concerns the thyroid interstitial gland of the neck, whereas Lydston, Stanley and Kelker transplant the reproductive interstitial glands.

The prison doctors are receiving a great flood of letters from men and women in all parts of the United States inquiring concerning the operation. Many of the letters ask that the operation be performed on the writer and state money is no object.

The doctors in reply state the operation is still in its experimental stages. They hope, however, to develop it to the stage where glands may be transplanted from goats or apes to humans.

They have a large colony of guinea pigs segregated as to color and will experiment to ascertain whether transplanted glands carry with them any physical characteristics of the donor.

### KING ALBERT FLIES OVER NEW YORK CITY

NEW YORK, Oct. 27.—King Albert made a flight over New York city in a seaplane today. He started from the Columbia Yacht Club at 8:50 and returned at 9:56.

Last night the king of the Belgians visited John D. Rockefeller, senior, at Tarrytown. The visit was clothed in secrecy.

The king and queen may visit the South, it was learned today. The king desires to see tobacco in the various stages of its growth and manufacture.

### KIDNAPED U.S. CONSUL IS FREED BY BANDITS

Ransom of \$150,000 Paid But Wire Does Not Say Who Gave Money

WASHINGTON, Oct. 27.—William O. Jenkins, American consular agent, who was robbed and kidnapped by bandits near Puebla, Mexico, has been released on payment of the ransom of \$150,000, according to a message from the American embassy at Mexico City, received at the state department today.

Information as to who paid the ransom was not contained in the state department's dispatch. The message said that the third secretary of the embassy, Matthew E. Hanna, who was sent to Puebla, notified the embassy yesterday that Jenkins had sent him a message within the Mexican federal lines that the ransom had been paid and that he was on the way to Puebla.

### Father of Jenkins Told That His Son Is Rescued

HANFORD, Cal., Oct. 27.—John W. Jenkins, father of American Consular Agent Jenkins who was kidnapped in Mexico, received a telegram from his sister, now at Puebla, today, stating Jenkins was rescued from the bandits yesterday afternoon. There was no mention of who paid the ransom and it was intimated the rescue was effected by the Carranza government using force against the bandits.

### BULLETINS

LOS ANGELES, Oct. 27.—The "Round the World" aero commission arrived in Los Angeles today on a tour to make arrangements for the "round the world" aerial race being planned for next summer. The commission is headed by Louis D. Beaumont and includes in its membership President Hawley of the Aero Club of America and several others prominent in aviation.

NEW YORK, Oct. 27.—Thirty cars oranges and ten cars lemons sold. Orange market 10 to 50 cents lower. Averages \$2.02 to \$9.37. Highest price 20 boxes Old Mission \$9.37. Lemons \$1 lower. Averages \$2.51 to \$9.32. Weather cloudy, 8 a. m. temperature 52.

LONDON, Oct. 27.—Andrew Bonar Law, government leader introduced in the House of Commons this afternoon the revised amendment to the alien bill indicating a settlement of the controversy which threatened the stability of the Lloyd George administration last week.

INDIANAPOLIS, Oct. 27.—De-lavan Smith of Lake Forest, Ill., publisher of the Indianapolis News, was arrested today on a federal grand jury indictment. The indictment resulted from an investigation into the affairs of the late Charles Warren Fairbanks, former vice-president, who was said to have owned 75 per cent of the stock of the paper while Smith is represented in postoffice statements to have been the sole owner.

HOOVER IN NEW YORK  
NEW YORK, Oct. 27.—Herbert Hoover, former food dictator, arrived in New York for a speech before the Rocky Mountain Club tonight.

### Age Dims Beauty of Gaby Who Hobnobbed with King

GABY DESLYS

### Famous Actress Arrives In New York Accompanied By "Trick" Pup

NEW YORK, Oct. 27.—Friends of the famous actress, Gaby Deslys, are having made plain to them what age will do to the appearance of even the most expert camouflagers. Gaby has just arrived unannounced in this city accompanied by a "trick" pup. She has given no reason for her visit except that she wanted "to see some friends."

Just what the actress expects to do could not be learned from her and theatrical managers profess to know nothing of an engagement for her in America.

Gaby has lost much of her vivacity and beauty since the days when she was hobnobbing with the King of Portugal and figuring in the public prints daily. However, Gaby still knows how to keep before the public and manages it in one way or another. Maybe that's the reason for bringing the pup.

### LARGE SUGAR SUPPLY BEING HELD IN CUBA

HAVANA, Cuba, Oct. 27.—Sufficient sugar to meet present American demands has been contracted for but will remain in Cuban warehouses until transportation is provided, according to a statement by the Cuban Sugar Manufacturers' and Planters' Association.

In a cablegram to the American Senate Agricultural committee, Alejo A. Carreno, president of the association, said:

"Nearly 400,000 tons of sugar in Cuban warehouses have been contracted for but will not be paid for until removed. This is sufficient to meet the demands of the American public until the next crop.

"Cuba is willing, for reasonable returns, to protect America against future contingencies but the blame for the present sugar situation is not Cuba's. She should not be penalized because the American market is unbalanced."

**PLANS COAST FACTORY**

LOS ANGELES, Oct. 27.—Charles Piez, until last May head of the Emergency Fleet Corporation, is in Los Angeles today completing plans for the consolidation of the San Francisco and Los Angeles branches of the Link Belt Company, of which he is the head, with the added probability of establishing a western factory.

### PLEA FOR LABOR IS MADE BY CANFIELD

MUSCATINE, Iowa, Oct. 27.—A plea to American citizens to stand with labor in the present industrial crisis, was made today by Fred A. Canfield, president of the Iowa Federation of Labor, in an address before the Social Welfare Association, in convention here. The alternative, he said, would invite anarchy and chaos in this country.

Canfield admitted the leaders of the industrial labor—"the ones upon whom depends the future of industrial peace"—are in a "critical situation today," and should have the public's support.

The forces of extreme radicalism are threatening to gain control of the country, Canfield asserted, and added, "If they are once in the saddle, God help the United States of America."

Canfield declared the "present unhappy conditions" in the steel strike were brought about by "extreme conservatism playing into the hands of extreme radicalism."

"Yet," Canfield continued, "when the representatives of honest, public spirited, patriotic, liberal American leaders pleaded at the President's conference in Washington for recognition of certain fundamental principles of justice in the steel industry, they were met with intolerable contempt by the representatives of capital and by undisguised indifference on the part of a majority of the representatives of the public."

"So the American people must choose now whom they will serve and if they do not support honest, patriotic labor organizations the country is headed for chaos and anarchy."

### WILL RESUME GERMAN OPERA IN NEW YORK

NEW YORK, Oct. 27.—German opera will be resumed here tomorrow night and will continue as long as the courts sustain the legality of the production, according to a statement issued by the Star Opera Company.

### EQUAL VOTE PROVISION LOSES 38 TO 40

Ballot Comes Unexpectedly When Lodge Says There Is No Use Waiting

SENATORS ABSENT BUT ALL OF THEM PAIRED

Phelan and Ashurst Ask Permission to Give Views on Question

WASHINGTON, Oct. 27.—By a vote of 38 to 40 the senate today defeated the Johnson amendment to the peace treaty designed to equalize voting strength within the League of Nations.

The vote came unexpectedly at the request of Senator Lodge after Senator Hitchcock, administration leader, announced he would ask for unanimous consent to vote at 1:30 p. m.

"I can see no reason why we cannot have a vote right now," Lodge declared, and the roll was called without further delay.

Republicans voting against the amendment were Senators Colt, Edge, Keyes, Kellogg, McCumber, McNary, Nelson and Sterling.

Senator Gore was the only Democrat who voted for the amendment.

Immediately after the vote was announced Senator Johnson introduced a second amendment which seeks to accomplish the same object as his first one which was defeated.

**Several Senators Absent**

A number of senators were absent when the roll was called, no advance notice of the vote having been issued. The final result, however, would not have been changed as all absentees were paired with senators taking opposite positions.

The Johnson amendment would have given the United States a number of votes equal to that held by any other power.

After the vote was taken several Democrats, including Senator Phelan of California and Ashurst of Arizona who had been absent came into the Senate chamber and protested that they had been taken unaware. They asked for permission to make a statement of their attitude later.

As soon as the Johnson amendment was disposed of the senate began consideration of the Moses amendment which would bar any colonies or dominions of Great Britain voting when a dispute in which England is concerned is being considered by the league.

### TROOPS WITHIN CALL, STRIKERS ARE QUIET

CANTON, O., Oct. 27.—Quiet reigned here today in the steel district. The knowledge that several companies of the Ohio National Guard were mobilized and prepared for instant call at Akron, O., 25 miles away, checked the spirits of the hundreds of steel strikers who engaged in sporadic rioting around the United Alloy Steel plant during the past few days.

Police reported a brawl last night in which a plant policeman was shot.

**ENROUTE TO WASHINGTON**

NEW YORK, Oct. 27.—King Albert and the Belgian royal party left for Washington at 11 a. m. today. They will stop in Philadelphia enroute.

## RANGER OIL CO., Inc.

It is reported that telegraphic advices state the Albers No. 3 well is in and now flowing 5000 barrels daily. The above company owns a royalty interest in this well, and we are informed that approximately 40 wells in which the Ranger Oil Company owns royalty interests in the Ranger and Desdemona fields in Texas are now producing, while 110 drilling operations are said to be under way.

This stock is now paying dividends at the rate of 2 per cent per month, and paid a 3 per cent dividend for October. We believe this stock to be a splendid speculation at present prices around

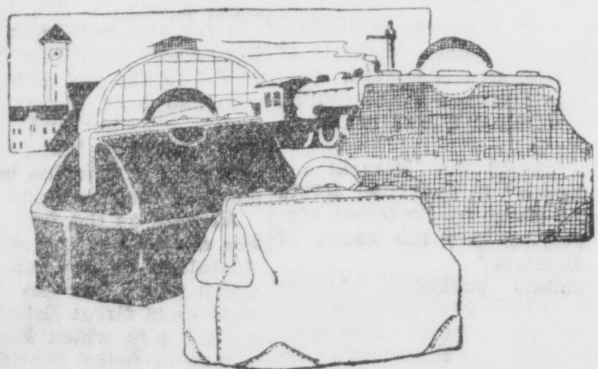

16c 16 1/2c

Present heavy demand for stock would seem likely to send prices to decidedly higher levels. Orders, in our opinion, should be placed promptly.

Write or wire for quotations or information.

## CABINET PLANS COAL STRIKE PROTECTION

United States Has Plenty of Power to Act If It Is Deemed Necessary

(Continued from page one)

of President Wilson to cancel the strike order. "I thank God we have a country where men may strike," Lewis said. "May the power of my government never be used to throttle and crush the efforts of the toilers to improve their material welfare and elevate the standard of their citizenship."

A reply to the president's appeal will probably be drafted by the executive board of the union at a meeting to be held in Indianapolis Wednesday. The board meeting was called to make final definite arrangements for the walkout.

Lewis placed the blame for the strike on the shoulders of mine operators.

"The coal mine operators have not offered one constructive suggestion designed to avert this catastrophe," he said. "During the Washington conference with Secretary of Labor Wilson we offered repeatedly to enter negotiations with the mine operators without reservation to conclude the making of an agreement. This offer was declined."

Miners have averaged only \$75 a month during the last twelve months, Lewis stated in explaining the demands of a sixty per cent wage increase and shorter day.

"The shorter day would extend the working period more evenly over the entire year," he said. "Since the armistice was signed, miners have worked on an average of only three days a week."

Can't Rescind Strike Call Say United Mine Workers

INDIANAPOLIS, Ind., Oct. 27.—Officials of the United Mine Workers are powerless to rescind the order calling for all coal miners to strike November 1, William Green, secretary-treasurer, said today. They cannot respond to President Wilson's appeal for withdrawal of the strike order without action of a convention because the strike was called by the convention which met in Cleveland, Green said.

Only Government Pressure Can Stop Miners' Walkout

SPRINGFIELD, Ill., Oct. 27.—Nothing but government pressure to force coal mine operators to give the demands of the miners just consideration can avert the threatened coal strike on November 1, acting President Lewis of the United Mine Workers of America declared in a statement issued here today.

Though he has not been officially notified of President Wilson's statement of Saturday, Lewis declared he is "positively astounded by the president's action."

Co-operation Planned To Reduce High Living Cost

CLEVELAND, O., Oct. 27.—An effort will be made to link the international labor unions and the agricultural organizations of the country into a gigantic bureau to beat down the cost of foodstuffs at the forthcoming National Farm and Labor conference in Washington, according to Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers.

Stone said here today he would spend the next two months perfecting the co-operative scheme. He plans to eliminate the middleman and institute machinery for direct interchange between the farmer and the consumer.

The proposed organization, he said, would include the American Federation of Labor and the national grange. Stone said the representatives of the four brotherhoods will play a leading part in getting the farmer and urban worker together in a co-operative alliance.

POINDEXTER STARTS WORK IN CAMPAIGN

WASHINGTON, Oct. 27.—Backers of Senator Miles Poin Dexter, who last night announced that he is a Republican candidate for president, today began preparations to carry his campaign into every state. Poin Dexter himself will make the first of a series of speeches within two weeks.

One of the principal arguments Poin Dexter will use is that radicalism should be curbed and property rights safeguarded. He will oppose the Plumb plan for nationalization of the railroads.

SCAFATI, Italy, Oct. 27.—Fire partly destroyed the cotton mills here, causing a considerable loss of work. The loss was estimated at half a million dollars.

## THE INDUSTRIAL SITUATION TO BE DISCUSSED

Rev. Oliver Will Treat on the Subject at Chamber of Commerce Luncheon

"The Hope of the Industrial Situation" is a big subject, and Rev. John Oliver of the First Baptist church is going to give his version of the hope of the present situation at the chamber of commerce luncheon next Wednesday noon at James'.

Rev. Oliver is a deep thinker and a man who has won considerable fame as a lecturer and platform speaker. He has given the industrial questions of today considerable thought and his views on the matter will be worth hearing. Business men in particular should be interested in hearing his point of view.

The attendance at the luncheons since their resumption has been exceptionally large and with the topic for discussion next Wednesday one of the most important of the day, it is likely that there will be a big crowd.

## SLAIN AIRMEN'S BODIES AWAIT BURIAL

SAN DIEGO, Oct. 27.—Draped with American flags, the bodies of Lieutenants Cecil Connolly and Frederick B. Waterhouse, U. S. army aviators who were brutally murdered in Lower California in September, are here today awaiting burial. In the meantime a thorough search for the murderers of the men is promised by both the United States and Lower California governments.

The ill-fated airmen, lost in the wilds of Lower California in September, were slowly starving to death when found by two Mexicans said to be from the Mexican fishing boat Esperanza. Too weak from hunger to defend themselves, they were stabbed to death by the Mexicans, according to members of the rescue party which returned here with the bodies on board the U. S. S. Aaron Ward.

On the fuselage of the airplane which carried the aviators was found a diary of their sufferings, notes to their mothers, in which they asserted they were not afraid to die.

Lieutenant Connolly will be buried with full military honors here tomorrow. The body of Lieutenant Waterhouse will be sent to his home at Weiser, Idaho.

## MARRIAGE LICENSES

### IN SANTA ANA

Henry Chris Kropp, 26, and Laura Wallace, 27, both of Ontario.

Clinton Alfred Thurlow, 26, of Bakersfield, and Viola B. Woodruff, 33, of San Diego.

Edwin Sayre Allen, 21, and Vera May Stiles, 18, both of Los Angeles.

Otto Adolf Michaels, 26, and Mabelle Claire Simpson, 21, both of Anaheim.

Doctor T. Williams, 51, and Minnie Nobbs, 50, both of Los Angeles.

Francisco Gonzales, 23, and Marie Estrada, 20, both of Anaheim.

John H. Allen, 59, and Tillie Mitchell, 51, both of Los Angeles.

William A. Neel, 30, of Colton, and Maude Abel, 28, of Rialto.

George Albert Chambers, 22, and Elizabeth Margaret Laible, 18, both of Los Angeles.

Ernest Saxon Thompson, 21, of Santa Ana, and Ardis Gayle Ring, 19, of Los Angeles.

Albert L. Amos, 30, of Marietta, O., and Addie R. Frans, 35, of Union, Neb.

WILSON'S CONDITION SATISFACTORY TODAY

WASHINGTON, Oct. 27.—Following a day of rest, resident Wilson's condition was reported as satisfactory at the White House this morning.

Dr. Cary T. Grayson is hopeful there will be less to interfere with his rest cure than during the last several days, when the President gave much attention to industrial troubles.

## Mint Jell

Try Mint Jiffy-Jell with roast lamb or cold meats. It is vastly better than mint sauce. Try Jiffy-Jell desserts with their real fruit flavors in essence form, in vials. Each is so rich in condensed fruit juice that it makes a real fruit dainty. Yet they cost no more than old-style gelatine desserts.

## BIG RECEPTION PLANNED FOR BALLARD

Manager of Edison Company to Be Honored By Southern California Friends

Prominent men from all parts of Southern California will join in a demonstration of their regard for R. H. Ballard, general manager of the Edison company, in what promises to be the most largely attended reception and banquet ever held in Southern California. The affair will be held at the Alexandria in Los Angeles Wednesday evening and will be in the nature of a home welcoming to Ballard, who is returning from the east as president of the National Electric Light Association and will be in recognition of his influence in bringing the next annual convention of the National Electric Light Association to Pasadena.

Ballard is, in a sense an Orange county man, for he was early identified with the county, and his wife is a Santa Ana girl, the daughter of Mrs. Granville Spurgeon. Granville Spurgeon was a brother of the late W. H. Spurgeon and was prominently identified with the early development of Santa Ana.

Ballard's successful efforts in getting the convention to name a Southern California city for its next session is some achievement, and it is said that it will be one of the most important business conventions ever brought to the southwest. It will be attended by about 2000 delegates, representing 1500 power generating plants.

The dinner Wednesday evening, to which a number of Santa Anans have been invited, will tax the capacity of the Alexandria. The reception will be marked by a brilliant display of electrical effects.

The reception committee that will greet Ballard on his arrival home will be headed by Mayor Snyder of Los Angeles and made up of some of the most prominent men of Southern California.

Emery Wissem of Fresno will preside as toastmaster.

## PERSONALS

Miss Alice Parker spent the week-end at Monrovia with Mr. and Mrs. Frederick Coles. Mrs. Coles was formerly Miss Mary Ely.

Mr. and Mrs. F. H. Phillips and daughter Jean, spent yesterday at Redondo Beach.

Mrs. M. C. Cooper of West Seventeenth street, left this morning over the Santa Fe for Indiana, where she will visit her father and mother through the greater part of the winter.

Mrs. Mary Roff of Missouri, is visiting for the winter with her brother, W. D. Barker, and Mrs. Barker, who have recently purchased the Arthur Pease property at 1119 Spurgeon, expecting to take possession this week.

J. T. Raitt made a trip to Los Angeles today.

Miss Eva Smith, daughter of Mrs. Susie Smith, and cousin of Mrs. Elmer Biggs, who was operated on at the Santa Ana hospital yesterday for appendicitis, is resting comfortably today.

Mr. and Mrs. Roy Peterson were guests yesterday of Mr. and Mrs. Ralph Walbridge, Los Angeles.

Mrs. J. E. Shields of Rankin's department store, is taking a week's vacation.

Miss Ruth Lucas is substituting for a couple of weeks at the water office. Mrs. Elmer Jones of Huntington Beach underwent a successful operation at the Santa Ana hospital this morning.

Friends of little Neil Parker, son of Mr. and Mrs. Roy Parker, will be glad to know that he is reported to be in good condition following an operation performed this morning at the local hospital.

Mr. and Mrs. Roy Skiles were in Long Beach yesterday, guests of Mr. and Mrs. W. B. Miller on East Sixth street.

Mrs. W. K. Robinson is spending a few days at the ranch in Trabuco canyon.

F. L. Andrews and family attended the U. S. C. Pomona football game at U. S. C. Saturday.

Miss Hazel Foote of Laguna Beach entered the Orange County Business College today, for a complete course in business training.

Mr. and Mrs. Roscoe Hewitt and children returned to Los Angeles yesterday, after a week-end visit with relatives.

## U. S. MAY BUY GREAT AIRSHIP IN ENGLAND

WASHINGTON, Oct. 27.—The United States probably will soon become owner of one of the largest dirigibles that ever took the air, Secretary of the Navy Daniels announced today.

The big airship is the R-38, a sister ship of the R-34, which sailed from England to America and return. Negotiations for purchasing the R-38, which is being built in England, are now under way.

The best professional service to be had is not too good for this important work. Our examinations are thorough. We measure the defects of your eyes and prescribe lenses to correct the trouble.

### Service

Doesn't mean "something for nothing." It means "quick action." It means preparedness to meet the demands and fulfill the desires of patients. To do the thing that's wanted when it's wanted.

### Lens Laboratory

We grind our own lenses. We maintain a lens making plant, and each lens has the personal attention of an expert grinder. That's why we can give rapid service.

### Quality

The essence of all things that endure is based on quality. Only the best materials find their way into our establishment.

### Reputation

Valued as the greatest asset of our practice and the foundation upon which we have built up a large and growing patronage.

## THREE INJURED IN CRASH ON BOULEVARD

Members of Orange Family Suffer and Cars Smashed In Collision

WINTERSBURG AND SMELTZER, Oct. 27.—A collision between two automobiles occurred in front of the Ocean View school house on the Huntington Beach boulevard at the Wintersburg road late yesterday and caused the injury of three persons and damaged the machines considerably.

John Moore, wife and four children were driving a Ford car from Wintersburg to their home in Orange and were turning to the north on the boulevard just when an Overland coming from the east on the dirt road turned to the south. The cars crashed with much force and the Ford was turned completely around but neither car was overturned.

Mrs. Moore's face was severely cut by glass from the broken windshield, her baby daughter received a severe gash on the back of the head and one leg was sprained. One of the little Moore boys suffered a wrenched back. The others were uninjured.

The Moores had been visiting at the home of Horace Moore at Wintersburg and were taken back to that place where a physician dressed the injuries of Mrs. Moore and the children who were later taken to their home in Orange. The Ford, which lost a wheel and windshield, had the radiator smashed and was otherwise crippled, was taken to a garage in Wintersburg.

The Overland car bore an Illinois license and was occupied by persons who are visiting at Huntington Beach. Their names were not learned but the machine was being driven by one of the women members of the party.

## STATE STUDENT BODY LEADERS COMING HERE

Santa Ana's Invitation Given By Lynn Crawford Is Accepted

Having secured the acceptance of the convention to meet in Santa Ana next year, Lynn Crawford returned this morning from the convention of high school student body presidents of California held last Friday or Saturday in Stockton.

Crawford went to Stockton last Wednesday as a substitute selected by the Board of Control of the high school to take the place of the local student body president, Hillard Tyrell, who could not get away to attend. The invitation extended by Crawford was cordially accepted in spite of the fact that San Francisco had already urged the convention to meet in the Bay city.

Young men and women from all over the state assembled in session to discuss at length various school organizations. Crawford will give a detailed account of the convention at the high school assembly meeting on Thursday.

This is the fourth year of the organization and a number of schools sent representatives this year for the first time, a mark of the growth of the schools for only the larger institutions are ordinarily represented.

Orange county representatives were, from Santa Ana, Lynn Crawford; Orange, Walter Loischer; Huntington Beach, D. T. Terhart.

## LAST RITES SAID FOR MISS TALBOT

The funeral of Miss M. A. Talbot, who passed away at the home of her brother-in-law, Prescott Allen, on October 23, was held at the Mills & Winbiger Mission Funeral Home Saturday afternoon.

A beautiful and comforting service was conducted by her pastor, Rev. John Oliver, of the First Methodist church. Her life-time friend, Mrs. C. F. Crose, and F. C. Rowland sang "Abide With Me," and Mr. Rowland also sang "Lead, Kindly Light" at the close of the services.

Many loving relatives and friends followed the body to Fairhaven cemetery, where it was laid in its last resting place, beneath a great bank of California's most beautiful flowers, loving tributes from her friends.

Miss Margaret Augusta Talbot was born July 29, 1838, in London, Ontario, Canada. She was the youngest of eight children, and early in her childhood her mother was left a widow. Her early life was spent in Canada, and while quite young she was confirmed in the Episcopal church, to which communion her parents also belonged.

Some years later she moved to Africa, Iowa, taking her mother with her, so that she might be near her sister, Mrs. Prescott Allen; and, as there was no church of her denomination there, she united with the Methodist Episcopal church. She was ever a faithful member of this organization.

In 1882 she moved with the Allen family to New Mexico, where she tenderly and lovingly cared for her mother through long years of suffering, till 1897, when she passed to her reward, her mother being 95 at that time.

Five years previous to the death of her mother, Mrs. Prescott Allen had been called to her heavenly home after years of quiet invalidism; and after her death Miss Talbot devoted herself with passionate love to the care of her sister's three motherless daughters. She made her home with the youngest, Miss Margaret Allen, to whom she took the place of a mother with all the devotion that relation brings.

Margaret Augusta Talbot was a fine Christian character. Strong in all her religious convictions and steady in all her church relations. In her church work she was drawn to the service of the young, and taught in Sunday school, and ministered through the women's societies of the church.

She was a woman of even temperament, not easily disturbed. Her personality made home pleasant and restful. Like the landscape in the summer evening invites to rest after a hot, busy day, her presence was comforting, restful and strengthening.

"Like some tall cliff that lifts its awful form,  
Swells from the vale and midway leaves the storm;  
Though round its breast the rolling clouds are spread,  
Eternal sunshine settles on its head."

Miss Talbot lived a life of simple, loving service for others. In ministering to the need of those who suffered she learned the source of strength and patience to sustain her in her own sickness. For two years she has suffered with Christian grace and fortitude, and she ever sought to shield those near and dear to her from anxiety, and to this end sought to conceal her own pain.

She belongs to those "who have come up in the hour of great tribulation and have washed their robes in the blood of the Lamb." She was refined through suffering, and now belongs to the white-robed throng of saints who dwell forever in the presence of their Saviour.

"Servant of God, well done!  
Thy glorious warfare's past.  
The battle's fought, the race is won,  
And thou art crowned at last."

WONDER WASHER Given away free on Wednesday, Oct. 29, at 2 o'clock in the afternoon at the Horton-Spurgeon Furniture Co., Fourth and Spurgeon Sts. Be sure and register in advance and get your ticket.

## FANS GET JOLT AS SYRACUSE TUMBLES

BY HENRY L. FARRELL  
(United Press Staff Correspondent)

NEW YORK, Oct. 27.—And still they fall. In fact, parachuting from the peak to the dark cave of oblivion has become quite the fad of the season in eastern football circles.

Fans should have been cautioned to jolt surprises but when Syracuse tumbled from the top Saturday, the informed populace got almost a knock-out.

Washington and Jefferson, the conquerors of the mighty O'Neill clan of New Yorkers, was as surprised as anyone. And no one was more pleased than little Colgate, for that giant gust of wind from Pennsylvania removed Syracuse as a title contender and left Colgate alone with Harvard at the top of the ladder.

Next in standing came Pennsylvania, the leading point scorer of the East; Dartmouth and Washington and Jefferson. Boston College, conquerors of Yale, went out of the running when the army pulled a surprise and sent them Hubbard with the nothing end of a 13 to 0 score.

Strange to say, there is no crepe visible around Princeton. Though defeated by Colgate, Princeton showed a lot of power in Saturday's game and proved that neither Yale nor Harvard has much on the Nassau team.

Next Saturday looks to be a general vacation day for all the big elevens. Outside of the Penn State-Pennsylvania game, none of the eastern leaders looks to be in danger.

## MUSICAL MEMBERSHIPS ARE BEING SOLD TODAY

With a pleasant day to work, the committee on the drive for memberships for the Santa Ana Musical Association had fine success and by evening expect to have a membership of 500.

Membership tickets will also be available this evening at the Congregational church, when the first concert of the season will be given by the Gray-Lhevinnes.

## Charles Spicer & Co.

## QUICK SPENDING OF 2 MILLIONS SAVES LIVES

NEW YORK, Oct. 27.—How an American woman played shopper to 4,000,000 persons recently, spending more than \$2,000,000 in three weeks, and saving the life of a race by her prompt buying, is one of the little epics of the armistice, brought to light by the return of Miss Harriet Lowenstein from Europe, where she did much of this wholesale shopping.

Miss Lowenstein is a lawyer in this city, and also a certified public accountant. She was sent abroad as a relief worker last winter by the Joint Distribution Committee which controls the disbursement of all funds raised by the American Jewish Relief Committee, the Central Committee for the relief of Jews suffering through the war and the Jewish People's Relief Committee.

"Buy whatever you can for the 4,000,000 starving Jews of Poland," were her orders.

Most of Miss Lowenstein's buying was done from the Liquidation Board of the United States army, and the bargains she was able to pick up kept her rushing from one part of France to another. Among the things she bought was a carload of hobnailed boots, patched or almost new, the recent property of the doughboys, size 5, for the Jewish women of Poland, who have been going barefoot for the last five years. Later, when she went to Poland, she observed that the boots were a very good fit.

**Million Pounds Soap**

The first thing that Miss Lowenstein bought was a million pounds of soap, which has been a distinct luxury in Poland since the beginning of the war. Her subsequent shopping tours took her to Tours for blankets and sheets, to Toul for medicine, to Bordeaux for olive oil, to Nantes for hard-tack, and to a score of smaller places for various things. One of the things that she was able to buy through the courtesy of the army, was hard-tack, 400,000 pounds of it, which went to the desolate region just east of the Big River, which the Bolsheviks recently laid waste. This despised delicacy of the doughboys was for several days the only food received by thousands of children in this region, and undoubtedly saved their lives. A carload of condensed milk was also sent to Poland by Miss Lowenstein. The average Jewish child in Poland has never tasted milk since the beginning of the world war.

It took some feminine ingenuity to comply with the ration regulations of the various countries, yet ship the

things most desperately needed. "We could not send flour to Vienna—so I sent hard-tack," she said. "Sugar was forbidden, so I sent molasses, and I found that although I could not send condensed milk, they would let me send evaporated cream."

**Stockings and Underwear**  
Miss Lowenstein also bought several carloads of woolen stockings, and salvaged underwear. She tried to procure cast-off uniforms, but, since there is an army rule against that, had to content herself with many bales of khaki cloth, which is now being made up in the workshops of Poland. She also bought a carload of denim coats and trousers, formerly worn by the engineers, for the summer wear of destitute Jews.

There are hundreds of thousands of cases of typhus in Poland, so Miss Lowenstein, prevented by lack of shipping space from sending beds, bought three carloads of army blankets, 80,000 bed sheets, and 15,000 pillow cases.

Since Poland is almost without medicines, she bought all the simple remedies that she could get—such things as people could use without doctors or nurses—quinine, cathartics, and typhoid disinfectants. She also sent all the anesthetics procurable; and twenty surgical cases that had been used by field doctors during the war.

Get those novelty Hallowe'en candies at the Dragon.

## NAME 'BAYER' MEANS ASPIRIN IS GENUINE

Get Relief Without Fear as Told in "Bayer Package"

The "Bayer Cross" is the thumb-print of genuine "Bayer Tablets of Aspirin." It protects you against imitations and positively identifies the genuine Aspirin prescribed by physicians for over eighteen years.

Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions to safely relieve Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally.

Hardy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacturing of Monacacetate of Salicylic acid.—Adv.

SCHOOL GIRLS' DRESS

The question of uniform dress for high school girls is just now receiving considerable attention, and in the Santa Ana high school, is to be settled by the girls themselves.

Ever since Eve became dissatisfied with the original fig leaf, the question of feminine apparel has been given much space in the public prints.

"Can a maid forget her ornaments, or a bride her attire?" asks stern old Jeremiah reproachfully—and ancient, mediaeval and modern history confirms his worst suspicions, and answers "No."

St. Paul, who held very firm, and generally unflattering, opinions about women, and who never hesitated to say what he thought, urged "that women adorn themselves in modest apparel, with shamefacedness and sobriety; not with broidered hair, or gold, or pearls, or costly array; but, (which becometh women professing godliness) with good works."

"Costly thy raiment as thy purse can buy—neat but not gaudy," was the advice in Shakespeare's day. Yesterday's newspapers, in discussing women's fashions for the coming season, declare for "skirts so short they show chic garters, and 100 per cent bare backs for evening gowns."

Granting that the women who will wear the short skirts and bare backs are also diligent in "good works," may it not be argued that they are fulfilling St. Paul's request?

In regard to standardizing the dress for high school girls, there is much to be said—and with justice—on each side. In commenting upon the question yesterday's Los Angeles Times remarks editorially, "Of course, the big idea is to get a lot of girls to dress down to the average. There are a lot of girls with money at command, and they want to spend a wad of it with the dressmakers. This is supposed to make the moneyless bunch of students miserable, and it is the wish to avoid this unpleasantness."

In the Register's opinion, this is not the root of the matter. It is not the costliness, but the unsuitability, of the apparel worn by a small minority of high school girls that causes the flurry. A dress of costly material suitably made and properly worn need make no girl conspicuous, or an object of envy. But silk stockings and georgette blouses, with fourteen-dollar shoes, are not—or at least should not be—essential to the happiness of the "sub-debutante." Moreover, it is not from the wealthiest homes that the silk stockings and georgette blouses generally come. There is many a girl whose summer vacation has been spent in the canyons, to provide her with the money for the flimsy finery she deems necessary for school wear; and many another girl whose silken hose and expensive boots are the envy—or the despair—of her classmates, has a mother who works hard over the laundry tubs, and who shops painstakingly to find twenty-five-cent cotton stockings and three-dollar shoes for her own weary feet. It is not always the daughters of the rich who dress not wisely, but too swell.

It is only a small minority of school girls who dress indiscreetly, or immodestly, or extravagantly, but, as usual, the well-balanced majority have to suffer for the lapses of their less sensible sisters.

While the regulation question is on the carpet, might it not be possible to regulate the depth of the layer of paint that too often obscures the natural beauty of the school girl complexion? Or the length, breadth and thickness of the amazing structures—apparently from the cross-section of a hair mattress—that was startlingly above the school girl ear?

It is granted that a discreet application of powder to dim the shine of a two-assertive nose is in reality a virtue—but need it be applied when the general public is looking on? Girls who would never dream of using a toothpick or a nail file in public will stand placidly in front of a mirror in a window on the most densely populated street corner in town and apply eyebrow pencil, lipstick and rouge with a careless abandon that would rattle the bones of their grandmothers, who considered it inelegant even to button one's gloves on the street.

"Chic" and "smartness" are two words considerably overworked in the sub-debutante vocabulary. If girls could be persuaded that daintiness and exquisiteness are more to be desired—but who will undertake the per-

suading? Principal Roberts of the intermediate school is quoted as having told the girls of his school that every teacher at intermediate had authority to send home, or send to wash her face, every girl who appeared with rouge upon her cheeks. More strength to Principal Roberts! If all principals possessed to an equal degree the courage of their convictions, the question of uniforms for school girls might be laid away in moth balls.

That is, the question of school uniforms is a question that might much better be settled by school authorities and mothers than by students.

LOST CHILDREN

One of the tragic lingering results of the war is described in a dispatch from Warsaw. Ten thousand "lost" children are waiting in that city, under the care of the Red Cross, hoping to be restored to their parents. As refugees return to the region many reunions do take place. Weary, heartbroken fathers and mothers recognize the little waifs from whom they were so cruelly separated by the war. The meetings between such rediscovered parents and children are pathetic, indeed. Both old and young are in need of everything—food, clothing, shelter and comfort.

The Red Cross is doing all that can be done to restore these families to normal living. There are going to be thousands of little folks, however, who will never be restored to their own people. For them the relief organizations must make other plans, eventually placing them in institutions or in adopted homes.

In the meantime there are disease and poverty and sorrow to be combated. Anaemia, rickets and tuberculosis make terrible inroads upon these innocent little war sufferers. Unless these diseases can be checked quickly they will do the children permanent injury and lessen their chances of happy, useful lives.

We in this country believe that we have a good many troubles to bear and problems to face at present. It is well sometimes to remember that there are others whose suffering is far greater than ours, to whom we are still rich enough to give and grow happier in the giving.

HIS PRINCIPLES

Barring Undesirables

San Bernardino Sun

Secretary Lansing doubtless spoke with knowledge of the facts when he told the senate committee on foreign relations that thousands of undesirables in Europe are seeking passports that will permit them to come to the United States. This statement was made in connection with his plea that war-time restrictions on immigration be retained for a time.

It may be true that we cannot operate the industries of the nation at full capacity unless we have some European labor, but we certainly can get along better with a shortage of labor than to admit those who come here merely to sow discord and incite disorder. No doubt some of the European governments would be glad to be rid of the bolshevistic element and to that end might assist them to come here did we permit it. Recent events have demonstrated, if further proof were needed, that we have been too lax in admitting aliens without regard to character. This statement is no reflection on those born on foreign soil who are truly devoted to the principles of this republic.

The Americanization of foreigners that has been urged cannot reach those who do not want to be Americanized. It will be futile in the cases of those who would Russianize rather than Americanize. We can help those that want to be helped to appreciation of our system of government. While we are talking about deporting those who advocate the overthrow of our institutions we should be foolish to admit others infected with the same ideas.

An Object Lesson

San Bernardino Sun

In speaking of the official bulletins of President Wilson's illness, a physician the other day remarked that it contained an object lesson for every business and professional man who is not combining with his daily routine a due proportion of mental and physical recreation.

When Mr. Wilson first entered the White House, Dr. Grayson discovered that he had not in the habit of taking exercise regularly. The physician at once proceeded to get the President interested in golf, with highly beneficial results. Before our country entered the war President Wilson was accustomed to visit the links almost daily. When time did not permit of this diversion he took walks, with Mrs. Wilson as his companion. There is no question that he experienced a substantial improvement in health during this period.

Then came the war and America's participation in it and the times of wholesome diversion and relaxation became fewer and shorter.

When Colonel Roosevelt as president began to feel worn by his official duties he packed up his guns and went hunting, returning with renewed energy to his public tasks. He seemed to have the faculty of throwing off the burden of responsibility at will and resuming it when better fitted to bear it. No busy man can afford to neglect physical exercise and recreation. He should realize that it is as much his duty as attending to the affairs of his business or profession.

Help! Help!

The Only Man Who Counts

(Theodore Roosevelt)

In the unending strife for civic betterment small is the use of those people who mean well but mean well feebly. The man who counts is the man who is decent and who makes himself felt as a force for decency, for cleanliness, for civic righteousness. He must have several qualities. First and foremost, of course, he must be honest. He must have the root of right thinking in him. That is not enough. In the next place he must have courage; the timid man counts but little in the rough business of trying to do well in the world's work. And finally in addition to being honest and brave, he must have common sense; if he does not have it, no matter what other qualities he may have, he will find himself at the mercy of those who, without possessing his desires to do right, know only too well how to make the wrong effective.

Worth While Verses

PEACE

With eager heart and will on fire,  
I strove to win my great desire,  
'Peace shall be mine,' I said; but life  
Grew bitter in the barren strife.

My soul was weary, and my pride  
Was wounded deep, to Heaven I cried,  
'God grant me peace or I must die';  
The dumb stars glittered no reply.

Broken at length I bowed my head,  
Forgetting all myself, and said,  
'Whatever comes His will be done';  
And in that moment peace was won.

—Henry Van Dyke.

OBSERVATIONS

The railroads are wondering where they'll be at on January 1.

English school teachers are asking for 100 per cent increase in salaries. They are learning from the labor unions.

The steel trust loves its employees, but would like to have the sympathy of the public now on the ground that the strikers are darned foreigners.

Alabama moonshiners are using bear traps to catch revenue agents. Government raiders may yet have to adopt an air patrol, and drop bombs on the stills.

A laborer is one who works with his hands, and a capitalist is one who employs others to work with their hands or heads. But what is the public? Salaried men?

Gompers isn't a leader. He is a driver. And the biggest job he has ever had is his present one of holding back on the reins to keep his world from running amuck.

The Roosevelt memorial home in New York city is to have an open-air gymnasium. There could be no better memorial of Theodore Roosevelt, and it would be a fine thing if they were established all over the country.

THE CHEERFUL CHERUB

Where are the songs  
that people forgot  
Hundreds of years  
ago?

Are they the ones  
trees sing at night  
When whispering  
breezes  
blow?

CHURCH BULLETINS

First Presbyterian  
The W. C. T. U. will meet Tuesday at 2:30 at the home of Mrs. J. N. Anderson. Subject, "Anti-Narcotics." The regular prayer meeting service will be held on Thursday evening, Dr. J. A. Stevenson leading. Topic, "Christian Subtraction." The Lightbearers will hold a Halloween entertainment in the church on Saturday.

First Congregational  
The annual convention of the Orange County Sunday School Association will be held at Anaheim, Thursday and Friday of this week. A banner will be given to the school that has the largest per cent attendance. The annual district meeting of the Woman's Home Missionary Union and the Southern Branch of the W. B. M. P. will be held at the First Congregational church, Los Angeles, on Thursday of this week. The delegates to represent the Woman's Union are as follows: Mesdames N. Beale, Talcott, Brunner, Alternates, Etchison, Barker, McCord. The attendance is not limited to delegates, but all are most cordially invited to attend. In connection with the service next Sunday morning there will be communion service and reception of members. Those desiring to unite with the church should speak to the pastor before Thursday evening.

First Methodist  
The Sunday School Board will hold its regular monthly meeting tonight, Supper at 6:30. Rev. Jesse Lee Corley, the Sunday school expert of the conference, will be present and address the board on Sunday school work.

The first meeting of the Brotherhood Tuesday evening at 6:30 should find every man of the church present. Rev. C. H. Scott will instruct and inspire and delight his audience. No man can afford to miss it. Dinner and lecture 40 cents.

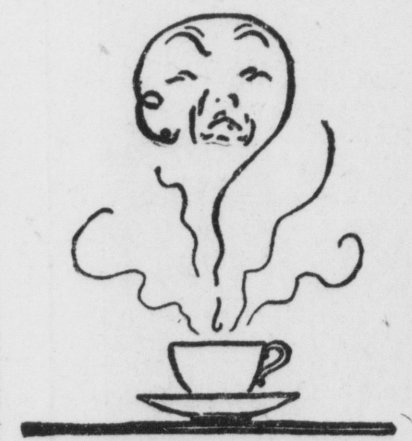

The Berean class business meeting and social hour will be at 7:30 Friday evening in the church. This great class will meet to make plans for the future and every member should be present.

The Northwest Section of the Ladies Aid Society meets on Friday afternoon at 2 o'clock at the home of Mrs. Davies, 818 Minter street. Bring thimbles and needles for work.

The Woman's Foreign Missionary Society of Richland Avenue church will meet with Miss Frances Lapum, 511 West First street, Saturday afternoon at 2:30. Miss Daisy Law, a Chinese student from Los Angeles, will be present and give an interesting talk upon her home country. All ladies interested in this wonderful field are invited to be present.

## Santa Ana Woman Honored

Mrs. W. L. McCleery, Mrs. P. L. Tope and Mr. and Mrs. Trueblood returned Saturday night from Santa Cruz, where they attended the Grand Chapter of the Eastern Star. Louise Mas Elsensohn was elected grand worthy matron. Hermosa chapter of this city was honored by having its worthy matron, Mrs. McCleery, appointed by the worthy grand matron to fill the chair of the grand conductress throughout one session, she being also appointed by the worthy grand patron to act on the committee on credentials.

The session was well attended. Grand chapter will convene in San Francisco in 1920.

## Change in Time

The Past Matrons will take the 9:25 p. m. car instead of 9:35, as stated Saturday, in order to attend the luncheon given by Mrs. Maude E. Bowes of Los Angeles, Tuesday, October 28.

## Winter Parties Begin

The members of the Orange County Country Club have an evening of pleasure in store for them Thursday, when the first of the winter card parties is to be given. Mr. and Mrs. J. P. Hatzfeld and Mr. and Mrs. Edward McWilliams are to be hosts, and cordially extend an invitation to all the members and their guests. An especially entertaining evening is anticipated and everyone should be present to enjoy the event.

## Official Visit Made

Saturday evening the Sycamore Rebekahs held their regular meeting, when the district deputy president, Mrs. George Peters, paid her official visit to the lodge. Following the transaction of business, the members adjourned to the banquet room for a Halloween party with black cats, jack-o'-lanterns and a few ghosts much in evidence to add to the proper holiday spirit.

Halloween games were played and late in the evening appropriate refreshments were served.

## A Famous Violin

The Gray-Lhevinnes, who appear here this evening at the Congregational church, under the auspices of the Santa Ana Musical Association, have been asked by many people about Miss Estelle Gray's wonderful Cremona violin.

The fact is, the history was published of this violin by the "Musical Leader" of New York about two years ago. In the 204 years since it was made in Cremona, Italy, the "Gray-Lhevinne Fiddle" has had an eventful life, but no more thrilling experience than when its present owner secured it at the time of the big San Francisco fire.

Estelle Gray was a little girl, but she had a big heart of love for this Cremona violin. The day of the earthquake the instrument was being repaired down in the wholesale district of San Francisco. When news came that the fire was spreading, the little violinist dashed down town. Even though there was martial law and orders to "shoot anyone entering a building," she flew past the soldiers, broke into the shop and rescued the historic fiddle. In 1909 (on a half-fare ticket) Estelle Gray left her native state and went to New York, and in recent years in her hands this little violin has not only thrilled vast multitudes in every state in America, but also all over Europe. The Milan, Italy, papers said: "Italy produced the violin, but it took this charming little American girl to find its soul."

In the Gray-Lhevinne concert tonight not only will this violin be heard, but the violinist has a way of always telling a few human interest stories that grip the attention of all hearers.

The program will start at 8 p. m. sharp.

## New Musical Director

The following is a clipping taken from the First M. E. Church Bulletin in regard to the new musical director of Richland Avenue church:

"In securing the services of Prof. F. W. Rollins as Musical Director, the Music Committee and the Official board plan to strengthen the evangelistic note in the musical program."

First Church. They believe that the coming of Prof. Rollins will help make the music match the evangelism of the pulpit and help the church to vitally fit into the denominational Centenary program of evangelism.

"Prof. F. W. Rollins comes as musical director and assistant pastor, as he will give all his time to the work of the church in connection with Richland Avenue church. He will train the choir and orchestra and preach at Richland Avenue in the morning, but will take full charge of the music for the evening service. He will also help in the work of the Boy Scouts."

For some time Prof. Rollins has been singing for Evangelist Price, and also conducting the orchestra in such meetings. He knows how to make folks sing, and we shall anticipate his coming with gladness. He expects to be with us for the last Sunday in November. Mrs. F. W. Rollins is already with us."

## Birthday Dinner

Surprise Dinner. Though All Saints Day is not to be celebrated until Thursday, the Halloween season has been the motive for many attractive entertainments, among them the surprise birthday dinner given Sunday evening for Mrs. J. R. Paine, Sr., her son and daughter-in-law, Mr. and Mrs. Robert Paine, Jr., being the hosts at their home on Spurgeon street.

Orange and yellow dahlias were used in the living room and for a centerpiece on the table, where the guests found cards picturing black cats and pumpkins marking their places. Almond cups were small pumpkins.

At Mrs. Paine's place, in whose honor the dinner was given, were a number of pretty gifts and remembrances for her birthday.

Those who were present to enjoy the social hour or so over the progressing of the dinner were Mr. and Mrs. J. R. Paine, Sr., Miss Elizabeth Paine, Miss Elizabeth Easton, Messrs. H. J. Lake and J. E. Wheeler, friends from the east who are visiting with the hosts, Mr. and Mrs. Robert Paine.

## Discharge Received

Corporal Charles H. Young, son of Mrs. Nellie Young of West Orange, who has been with the marines in Cuba and the Republic of Haiti, received his discharge at Ft. Charleston, South Carolina, and arrived home yesterday.

## Family Dinner

Mr. and Mrs. A. E. Koepsel were hosts Sunday at a noon-time chicken dinner in honor of Mrs. Koepsel's brother, Homer Holzgraf, and his bride, formerly Miss Gerna Nimmo, of Santa Barbara, who are here enjoying a two weeks vacation.

Dinner places were marked for the immediate members of the two families, including Mr. and Mrs. Homer Holzgraf, Mr. and Mrs. F. Holzgraf, Miss Edna Keuchel, Harold Holzgraf, Mr. and Mrs. William Rohrs, and the hosts, Mr. and Mrs. A. E. Koepsel, and son Vernon.

## THE TIDES

Tuesday, October 28

12:02 a. m., 3.7; 4:11 a. m., 2.7; 10:33 a. m., 5.6; 6:17 p. m., 0.7.

## BORN

KEECH—In Long Beach, Cal., Oct. 27, 1919, to Mr. and Mrs. Hugh Kech, a son, Richard Eugene.

## LOVE YOUR NEIGHBOR PRINCIPLE ADVOCATED

NEW YORK, Oct. 27.—Practical application of the "love your neighbors" principle by Americans is necessary to restore normal trade conditions with Europe, Edward Filene of Boston, director of the United States Chamber of Commerce, told the New York clerical conference today.

Granting credits particularly to small European nations in order to bolster up exchange rates until the enormous trade balance in favor of this country is lessened, is necessary to save weaker countries, he said.

WANTED—Japanese persimmons, any quantity. Highest cash price paid. Broadway Produce Market, Fourth and Broadway.

Wanted, immediately, woman to sack beans. C. C. Collins Co. Phone 71, or 778 J.

Yes, we know you will sooner or later. Why not now? Call the Sultorium, 279. Prompt auto service.

Halloween Masquerade Ball at M. W. A. Hall Oct. 30. Prizes for ladies' and gents' best costume. Everybody invited. Admission silver offering.

## City and County Briefs

David Goldberg of the Richfield Union Petroleum Company, has rented half of the new Bradford building at Placentia for offices for his company. The Richfield Union is a new concern and has leases on the Porter, Tayles, Allee and other properties in the Placentia field, and expects to commence development work within the next few weeks.

Judge M. L. Orcutt, who until recently has been accountant at Way and Driggers, Balboa, has been appointed to fill the vacancy in the city clerk's chair, at Newport Beach, caused by the resignation of George P. Wilson. The judge will assume his new duties on the first of November.

W. A. Bohannon of Santa Ana, had his right leg quite badly bruised and his motorcycle put out of commission as the result of an accident at the corner of Spadra and Wilshire, Fullerton, when his motorcycle and an automobile driven by a woman became tangled up. The accident happened when the woman in the auto attempted to turn the corner. She claimed to have held out her hand as a signal to turn, but Bohannon claimed he did not see it. The woman stopped and declared her intention of rendering any assistance necessary, but Bohannon stated that he could hardly blame her, as her intentions seemed to be good and that he did not need any attention.

There will be a meeting of the Tustin Chamber of Commerce this evening at 7 o'clock. The meeting will be at the Tustin schoolhouse.

Germany has given notice that the importations into that country of merchandise, except newspapers, periodicals, books, samples and foodstuffs, is permitted only under license issued by the Imperial Commissioner of Exportation and Importation, Berlin W. 10. Therefore, merchandise, other than the articles mentioned, will not be accepted without a license, and senders will first have to write and secure permission direct from Berlin. Owing to the large number of parcel post packages received in a broken and damaged condition, the German postal authorities request that more care be given to the packing of foodstuffs and more substantial containers or heavy wrappers be employed.

B. J. Warner of 623 North Parton has a Kaufman spotlight and ten feet of cord stolen from his automobile last night. He left it on Spurgeon street, between Second and Third, while attending church.

With another detour in the Santa Ana canyon road for use while paving is in progress, the road is hardly safe for heavily loaded trucks. Trucks lightly loaded can make it all right, but many of the big machines with heavy loads have to be pulled out. About 7000 feet of concrete have been laid on the new grade over Sulphur mountain and graders are now at work below the base on this side of the "slide." When the present contract held by Steele Finley is completed, there will be paved connection between Orange and Riverside counties.

Guy Meats of Orange, it has just been learned, was acquainted with Lieut. Fred Waterhouse, one of the aviators of Rockwell Field, San Diego, who lost their lives in Mexico recently. Meats at one time was a member of the baseball team of Weiser, Idaho, catching Walter Johnson, who is now one of the most famous pitchers in the American league. Lieut. Waterhouse frequently was on the grounds of the baseball team, his brother being a member of the club.

Charles Young, brother of Mrs. Theo. Lacy, Jr., is home today, following his discharge at Charleston, S. C., from the Marine Corps. Young enlisted on April 13, 1918, and on November 8 was sent to Cuba. He was ordered to Haiti on March 25, of this year, and left there en route for the United States on September 30.

While turning off of the Olive road on to Rio Vista avenue, late Saturday afternoon, an automobile driven by O. R. Owen of Anaheim was run into by a machine driven by S. Syons, according to a report made by Owen today to Sheriff Jackson. The running board and fender of Owen's car was smashed. Owen claims he gave the proper signal just before turning the corner.

## NOTICE TO THE PUBLIC

My wife, Alice Tucker, having left my bed and board, I will not be responsible for any debts she may contract. HENRY TUCKER.

## Attention B. P. O. E.

SANTA ANA LODGE No. 794

Roll call night, Tuesday, Oct. 28. All members are strongly urged to be present. There will be entertainment and a "feed." Fraternally, W. F. DIERS, Exalted Ruler. W. W. WASSER, Secretary.

Full explanation of method and sample of the Tissue Cream may be obtained at MRS. CORA B. CAVINS 116 E. 4th St.

## Start the Day Right with a Cherry Blossom Breakfast

# Ten Years Younger Than His Years

Doesn't it make you feel good—cause you to straighten up and feel "chesty"—when someone guesses your age at ten years or so younger than you really are? You look into your mirror, smile with satisfaction and say to yourself: "Well, he didn't make such a bad guess, at that."

The point is: You're no older than your vitality.

If a man is strong, vigorous, mentally alert, fine and fit at 50 he has a better chance of living up to 80 than a man of 30 who is weak and run-down has of living up to 60. While none of us can stay the years nor stop time, we should all make an heroic effort to successfully resist the effects of time by ever keeping our vitality at par.

When you sense a feeling of slowing down of your physical forces—when your stomach, liver, kidneys and other organs show signs of weakness—when you notice a lack of your old time "pep" and "punch"—in other words, when you feel your vitality is on the wane, you should com-

mence at once to restore your energy, strength and endurance by taking

## The Great General Tonic

This master body-builder will help you keep young in spirit and mental and physical action, because it will assist Nature in maintaining your vitality at par. It enriches the blood, restores worn-out tissues, soothes jangling and over-wrought nerves, induces sound refreshing sleep, sharpens the appetite, tones up the digestion—in short, will put new life, new vigor and new vim in every fibre of your body. You will be surprised how much better you'll feel after taking a treatment of LYKO, if you are tired and worn out, nervously and physically exhausted. It's a mildly laxative—keeps the bowels in fine condition. Get a bottle from your druggist today.

# SCULLING TITLE OF BARRY AT STAKE TODAY

## Champion Will Meet Alf Felton on the Historic Thames Course

LONDON, Oct. 27.—World's championship honors were at stake today when Ernest Barry, holder of the world title, and British champion sculler, met Alf Felton, Australian champion, on the historic Thames course between Putney and Mortlake—distance about four and a half miles.

In addition there was a \$5000 stake. F. I. Pittman, famous university oarsman, was umpire and dense throngs lined the river bank for hours before the starting time, while the bridges at Putney, Hammersmith and Barnes were blocked to ordinary traffic.

Felton came to Europe with the Australian armies, and his supporters had long been trying to arrange a match with the champion, who was fighting with the British army. At length a meeting was fixed up, but the contest looked like falling through over—the layman—a trivial matter of minutes in the hour of starting.

Felton wanted to start the race at 2 p. m. and Barry, who is an officially recognized Thames waterman, member of the ancient city guilds and one of the king's bargemen, insisted on 2:30. (Usually such races start an hour before high-tide, which is 4:00 p. m., and Felton wanted the advantage of the upstream flow). Eventually a compromise was arrived at, and the hour was fixed for 2:15 p. m.

Barry won the world's sculling championship from the Australian, Dick Arnst, in 1912, and between that date and 1914, he successfully defended it against E. Durnan, H. Bearce and James Paddon. There was no contest during the war.

# ORANGE COUNTY MEN IN NEW OIL CONCERN

A number of Orange county men are interested in the purchase of the Hale-McLeod Oil Company by the Republic Petroleum Corporation, which owns 560 acres of oil land in California and 6000 acres of prospective oil lands in Kentucky.

The Republic company already owned 600 acres in fee and 240 acres leased in the Newhall district and 160 acres at Richfield, this county.

The officers and directors of the new enterprise include: President, A. S. Bradford, president Placentia Bank, Placentia; vice president, Ferdinand R. Bain, president Southern Counties Gas Company, Los Angeles; chairman of board of directors, Chas. Dolton, president First National Bank, Oxnard; secretary-treasurer, C. C. Spicer, secretary Valley Natural Gas Company and secretary Standard Bond and Mortgage Company, Los Angeles; W. H. Brewer, assistant general manager Santa Fe, Los Angeles; W. E. Goodyear, capitalist, Somis; C. E. Holcomb, president First National Bank, Anaheim; Jay Lawyer, local representative of the Vanderlip (New York) interests, Los Angeles.

# FULLERTON DEFEATS POMONA, 21 TO 14

Fullerton and Pomona high school teams in the Orange league were in a fierce battle Friday at Fullerton, with the latter winning by a score of 21 to 14. It was a scrap from the start and every player on both teams went into the fight with determination to win. The score tells the story of the equality of the teams. Fullerton had fourteen and Pomona seven points at the end of the first half.

Women wanted to peel pimientos. Apply at once, ready for work. Can make good wages. Cannery, East First street, at railroad. California Packing Corporation.

WONDER WASHER given away free on Wednesday, Oct. 29, at 2 o'clock in the afternoon at the Horton-Spurgeon Furniture Co., Fourth and Spurgeon Sts. Be sure and register in advance and get your ticket.

Sold by druggists. For free sample write Resinol, Baltimore, Md.

# J. W. TUBBS WINS MAGAZINE CUP GOLF PLAY

## Defeats Hoyle 4 Holes Up and 3 to Play; Interest In Match Keen

The final of the Golfers' Magazine cup between J. W. Tubbs and Norman Hoyle was played at the Orange County Golf Club's links on Sunday, and resulted in a win for J. W. Tubbs by four holes up and three to play.

Both players were keyed up to such a pitch that for the first two holes they were more anxious to see where their shots should be taken to keep their eye on the ball.

Tubbs won the spin of the coin and led off, but resigned his "honor" to Hoyle after the first hole, which Hoyle took with a four to a six.

The second hole went to Tubbs with a six to a seven. No. 3 Tubbs took with a four. No. 4 was halved in four. Hoyle making a beautiful lay up with his third, forcing Tubbs to pull a 12-foot putt for a half. No. 5, Hoyle was on the green with two perfect shots and out in two more, taking the hole as he also did the rest, one in three. No. 7 was halved in four. Hoyle's second shot running round the rim of the trap and flirting dangerously with trouble, both players lay about five feet from the cup in three and got out. Tubbs took five with a six, playing an excellent shot from the canyon to within a few yards of the green. No. 9 went to Hoyle with a four, thus putting him "one up" at the turn. The medal score was, Hoyle 42, Tubbs 44.

Lead Cut at No. 10

This lead was reduced at No. 10, Hoyle narrowly escaping the canyon with his second left himself a pitch to the green, which he played too strong and was unable to get back dead—taking a six to Tubbs' five.

No. 11, both were in trap back of green. Tubbs making a dead lay up and out in three, while Hoyle was too strong and took four.

No. 12, two good drives and second and both lay about three feet from the hole in three, but Hoyle missed his putt and Tubbs took it in four.

No. 13, Tubbs took with a three to four, having driven to within six feet of the "black."

No. 14 was halved in five. This was the first hole either player missed his drive, and here Tubbs "topped" and ran past the bunker. Hoyle getting a beauty, but slicing his second; both were just off the green in three and ran down four foot putts.

No. 15 decided the match. Tubbs reaching the green with his third and fetching a "par" to Hoyle's six.

Next Saturday and Sunday play will commence for the Parkinson and Pomeroy cups, souvenir cups which have been donated for the winners.

Mark Lacy is practicing a few stunts to pull off, while qualifying—such as holing out from the tee at No. 11. His opponents have called a meeting to decide what the five shall be.

Several new players are seen on the links, and some say "real estate" is moving rapidly in more ways than one.

There is a rumor going the rounds that in a short time "The Three Brothers" will issue a challenge, reviving the international matches played some time ago. Meantime "Father has been seen coaching A. J. to get him back on his game.

# ORANGE SEES EASY MARK IN FULLERTON

ORANGE, Oct. 27.—In the Fullerton and Pomona last tangle up in football and from the looks of the score Fullerton is due for some surprise when they mix with Orange in two weeks. The score was 21 to 14 and as Pomona is considered one of the least formidable teams in the league, Orange dopesters figure that Orange high is about due to win when they start in on Fullerton.

Fullerton's stand-by, the forward pass, could not be used successfully against Pomona, only four satisfactory passes being made in the entire game. They were compelled to trust to line backs to gain any ground. This is the sort of game that the Orange huskies like so from the looks of things Fullerton is up against some proposition if they think Orange is no contender for the title in the league.

The Booster Brotherhood of the First Methodist church is expecting a great time tomorrow evening at its first meeting of the conference year. Not only is a fine banquet being prepared, but Rev. Charles H. Scott, who has recently been appointed superintendent of the Huntington Beach Methodist assembly, will address the brotherhood.

Rev. Scott is one of the leading public men of Southern California, and for years has been much in demand for institutes and young people's gatherings. He has been the "fun maker" at the Aabarnar Institute for some five years. He is a man's man and always has a virile message on world affairs.

The Boosters expect to lay some plans for the year's work at its meeting tomorrow evening. Its Public Forum department has planned some notable speakers for the winter campaign. The meeting Tuesday evening is at 8:30, and is open to men of the congregation and the city.

# REV. SCOTT SPEAKS AT BROTHERHOOD MEETING

Knights of Pythias, Notice! Important meeting of Tustin Lodge No. 85, K. of P., Tuesday evening, October 28.

At Borak Temple, D. O. K. K. will be represented. Work in second rank. All members urged to be present and visiting members welcome. Refreshments.

E. C. HEARD, K. of R. and S.

# Get Acquainted With Gerrard Bros. Alpha Beta Stores

Let us have a little chat about Gerrard Bros. Alpha Beta Stores—you and I. My name is Jenkins, I am sometimes spoken of as the "bulk man"—not the bulky man however. You will find me always glad to help you when you are helping yourself at Gerrard Bros.

The dollar used today for the purchase of commodities has an exceptionally low purchasing power—and in these days of rising costs it is BUSINESS to buy your groceries where you get back the most change.

Gerrard Bros. stock is complete—in breakfast foods, 42 kinds; pancake flour, 11 kinds; coffee, 19 brands; flour, 10 brands; soup, 13 kinds; shortening, 10 kinds; laundry soap, 25 brands; toilet soap, 17 brands—and many of the famous "57" varieties. I name the above items, the items not named you will find correspondingly complete.

This is a day of advances—why the old way? Here—self service, with efficient and obliging help, quality groceries at lowest prices, money and time saved.

Do not wait until the first of the month before looking into this modern way of buying groceries. We are meeting new customers daily and will be glad to count you as a new daily customer. Not only will we supply your grocery wants, a better and more complete line of fresh fruits and vegetables will be hard to find in the city than at Gerrard Bros. Stores.

Yes, bacon and—for breakfast! Only government inspected fresh and cured meats are sold at the markets. We can now better serve the increasing trade as we have recently installed complete refrigeration systems.

Hoping to get better acquainted with you at Gerrard Bros. Stores.

The suits YOUR boy will like are here at \$10, \$12.50, \$15.00 and up to \$20.00.

We also have the new sweaters, caps and overcoats that go with them.

### Hill & Carden

112 West Fourth St.

## TUSTIN TO HEAR FIRST PROGRAM TOMORROW

Seven Entertainments Will Be Given In Series In School Auditorium

TUSTIN, Oct. 27.—The literary-musical festival to be given in the Tustin School Auditorium by the Wright Chautauqua System of Los Angeles will begin tomorrow evening at 7:30.

Including the dates: Oct. 28, 29, 30 and Nov. 1, seven fine entertainments will be given. On the second, third and fourth days, programs will be given in the afternoon as well as in the evening, each being entertaining and instructive.

Many of the leading schools of Southern California have engaged these artists. The corps of teachers thought they could not let the opportunity pass by, as they feel that Tustin also deserves the best of entertainment. They know that they have a delightful surprise in store for parents and friends of the school.

The Tustin pupils have enthusiastically sold the tickets and spread abroad the news of the festival this week.

As this is the first given under the auspices of the school and the teachers have shouldered the responsibility of the undertaking, they feel sure the parents will cooperate in making it a success by showing a lively interest at the start. The attractive programs will do the rest.

The regular meeting of the Tustin W. C. T. U. was held Thursday afternoon at the home of the president, Mrs. Sarah Brown. This was an educational drill meeting outlining the future work of the union. Furnishing its quota of finances for the Jubilee Fund and other work were the problems before the meeting. Mrs. Finley was made chairman of a committee to get up a medal contest in the near future. Various plans and methods for raising money were discussed and some of them will no doubt be carried out.

A meeting of the Missionary Society of the Advent Christian church Tuesday afternoon at the home of Mrs. W. L. Shatto was turned into a pleasant social meeting to bid farewell to Mrs. Ladieu, mother of Rev. M. E. Ladieu, who visited him during his recent illness. There was a pleasing program of music and readings. Miss Lillian Martin, daughter of the hostess served dainty refreshments. Mrs. Ladieu left for her home in Washington state on Thursday afternoon.

Mrs. I. L. Marchant returned Wednesday afternoon from a visit to her former eastern home in Danville, Iowa. Her visit was saddened by the death of her brother, Jasper H. Coad. It was on account of his illness that she was called to go east. Mr. Coad, who lived in Cawker City, Kansas, was on a visit to his mother at Danville and had a case of blood poisoning from which he could not recover. Mrs. Marchant remained five weeks.

Mrs. B. F. Murphy of Hemet is a guest of Mrs. E. A. Tingley. Mr. and Mrs. Lynford Hess are visiting relatives in Tustin.

## CASH TO FIGHT TUBERCULOSIS IS NEEDED

NEW YORK, Oct. 27.—Tuberculosis experts, public health authorities and physicians who have specialized in tuberculosis, are of the opinion that the woman power of the nation, which rendered such valuable service during the war, should be directed to the white plague problem.

A recent survey made by the Association shows the white plague menace in the United States to have assumed unexpected proportions. Last year there were 150,000 deaths due to this disease. A conservative estimate places the number of tuberculous people in the United States at 1,000,000.

To meet this emergency the National Tuberculosis Association and its 1,000 affiliated organizations have launched an intensive educational campaign. The campaign calls for greatly increased expenditures and to meet these the state quotas have been increased proportionately. More than \$5,500,000 are needed during the coming year to finance this intensive effort to stamp out the plague. To raise this fund, more than 650,000,000 Red Cross Christmas Seals will be offered for sale beginning December 1st.

A member of the Richmond, Va., Anti-Tuberculosis Association has suggested that the war-time organizations of women could be utilized as auxiliaries or aids to the anti-tuberculosis associations in societies throughout the country.

## STATE TROOPS READY TO GUARD TROLLEYS

KNOXVILLE, Tenn., Oct. 27.—With two local battalions of state troops on duty and others ready to be rushed here, a second attempt was to be made today to resume operation of the street cars manned by non-union workers.

Following clashes yesterday between strike sympathizers and non-union car men, in which four strike-breakers were injured, two battalions were ordered mobilized by Governor Roberts for immediate action if the situation gets beyond the control of the local authorities.

Special prices on Hallowe'en novelties and jack-o'-lanterns at the Dragon.

## PROMINENT NEW MEXICO MASON IS BURIED

Walter P. Chisum, Resident of Santa Ana, Dies Suddenly In Wyoming

Walter P. Chisum of 1620 Spurgeon street, for many years one of the best known stockmen and one of the most prominent Masons of New Mexico, died suddenly on October 3 while on a business trip at Rock Springs, Wyo., and was buried at his old home at Roswell, New Mexico.

The family has been living for three years in Santa Ana. Funeral services at Roswell were under the direction of the grand lodge of New Mexico, with Past Grand Master John W. Poe in charge.

Concerning the death of Mr. Chisum, the Roswell News had the following:

"Walter P. Chisum, former well-known Roswell man and pioneer of New Mexico and Chavis county, died Friday, October 3, at Rock Springs, Wyoming. His son, Capt. Jamie W. Chisum, accompanied the remains to Roswell. Mr. Chisum has a host of friends to mourn his death.

"Walter P. Chisum was born at Denton, Texas. He was a son of James and Ara Josephine Chisum and was educated in the public schools of Denton. He graduated from the Kansas State Agricultural School, also the Geur City Business College of Quincy, Ill.

"Mr. Chisum leaves a wife and three children to survive him, Jamie, Oscar and Ara Chisum, also one sister and one brother.

"Mr. Chisum came to New Mexico in 1877, later going east for his education. Returning, he located on the South Springs river, in the Pecos valley, and engaged in the cattle business until 1892, when he changed to the sheep business and farming irrigated land near Roswell until 1908, when he began to devote his entire attention to his duties as grand lecturer of the Masonic body of New Mexico. Mr. Chisum was a 32nd degree Mason and past grand patron of the Order of the Eastern Star of the grand jurisdiction of New Mexico. He served as past master of Roswell Lodge No. 18, past high priest of Columbia Chapter No. 7, past eminent commander of Rio Hondo Commandery No. 6, and senior warden of the Grand Lodge of New Mexico from 1911 to 1912.

"Besides being a successful farmer, cattleman, sheepman and business man and a leader in lodge circles, Mr. Chisum was a county commissioner the first four years after the creation of Chavis county in 1891. He also held this position from 1897 to 1899. So, with the passing of this pioneer, the county and Roswell, as well as New Mexico, has lost a valuable man, who has been an eye-witness to the country's development."

## ODD NEWS NOTES

SAN FRANCISCO.—Patrick Welsh fainted for the first in his life when he got a message from the hospital. The nurse said his wife had triplets. They totalled 11 1/4 pounds.

CHICAGO.—Heat was shut off in the apartment occupied by Mayor Wm. H. Thompson by order of the health officials because of failure to comply with the anti-smoke rules.

NEW YORK.—For hours detectives with drawn guns guarded a papier mache safe in a store. Burglars had removed the real safe to a safe point for cracking and left a "camouflaged one."

MOUNT CARMEL, Pa.—Electricians engaged in installing a meter in a residence here made a mistake and hooked it into a telephone line. Instead of "hello" the exchange girls are getting watts.

MONTEREY.—Miss Dorothy Brazil missed her train to high school. She caught an airplane and got to school on time, thus keeping her record for promptness intact.

## TO ALL WOMEN WHO ARE ILL

This Woman Recommends Lydia E. Pinkham's Vegetable Compound—Her Personal Experience.

McLean, Neb.—"I want to recommend Lydia E. Pinkham's Vegetable Compound to all women who suffer from any functional disturbance, as it has done me more good than all the doctor's medicine. Since taking it I have a fine healthy baby girl and have gained in health and strength. My husband and I both praise your medicine to all suffering women."

Mrs. JOHN KOPPELMANN, R. No. 1, McLean, Nebraska.

This famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, has been restoring women of America to health for more than forty years and it will well pay any woman who suffers from displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues" to give this successful remedy a trial.

For special suggestions in regard to your ailment write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

## CANNERY NEEDS 150 WOMEN AT BIG WAGES

Positions Promising From \$18 to \$48 Week Go Begging

Positions for women that mean from \$18 to \$48 per week are going begging here and one of Santa Ana's largest employing concerns today is in distress through the lack of help essential to its big canning enterprise in its establishment on East First street.

Future enlargement of the plant here may be affected by the situation. Pimentos are arriving at the cannery very fast at this time and 150 women are needed at this time to help take care of them. The vegetable is arriving at the rate of about 3500 sacks daily.

The wages the women receive are entirely dependent upon their own dexterity, for the pimentos are handled by piece work. The average earning is \$3 per day, with some women making \$30 per week and others from \$45 to \$48.

High wages and prosperity seem to be militating against this establishment. There are enough women on the payroll to operate a plant of twice the capacity of the one here, but a big majority are content with working two days a week, by which they make as much wages as they could in a week when wages ruled lower.

Last year, when many of the men members of a family were off to the war, female help was plentiful. Today husbands and sons are back home and making good wages. This has had the effect of causing some of the women to forsake work at the cannery.

There is no doubt but that there are a great many women in Santa Ana who could find time from their home duties to put in time at the cannery, and help swell the weekly income.

Local Manager J. W. Shumate of the California Packers' Corporation, has suggested to the managers that the plant here should be enlarged, and if his recommendations are accepted the corporation will spend between \$100,000 and \$150,000 in improvements in the local cannery that will double its capacity and mean its operation for eight or nine months out of the year instead of six months.

The cannery will distribute about \$150,000 in wages for six months' work this season. Should the plant fall down on help in finishing up this season the situation might control the company in its decision as to enlarging here. If help is found available, there is little doubt but that the corporation will authorize the expenditure of \$100,000 or \$150,000 in providing equipment for handling fruits as well as vegetables. Apricots canned here this season was in the nature of an experiment, and the experiment was highly satisfactory.

Help could be imported if there were housing accommodations—and here the city is losing out through lack of homes for people who might become permanent residents.

ST. MARY'S DEFEATED. SAN FRANCISCO, Oct. 27.—St. Mary's College met defeat on the gridiron yesterday when the Olympic Club tramped on the Oakland eleven 27 to 7.

For the Hallowe'en party, pumpkin colored ice cream and individual shaped molds. Get it at the Dragon.

## RATION CLOTHES FOR POLISH CHILDREN

Very Small Allowance Will Have to Be Increased Is the Belief

NEW YORK, Oct. 24.—One million destitute Jewish children of Poland must be clothed on the "ration" plan if they are to be saved from freezing during the coming winter.

Just as tons of condensed milk and other foodstuffs have been doled out to hungry little boys and girls on a basis of distribution as rigidly apportioned—by sheer necessity—as "chow" was dealt to the fighting soldiers in field and trenches, just so will the small folk of Poland receive their winter garments. Here is the "clothes ration":

Heavy cotton flannel, 1 3/4 yards. Light cotton goods, 1 1/2 yards. Thread, 1 spool. Shoes, 1 pair.

That's worth more than a passing thought, isn't it, Mr. American Father, as you discuss with the wife the selection of small son's new fall suit or daughter's coat with baby furs to match? Particularly when you know from past experience, whether it be admitted or not, that due consideration will be given the small wearer's opinion in styles, materials, etc., regardless of cost.

Yet, in Poland, the "ration" plan of distribution is only the solution for one of the saddest problems confronting the joint distribution committee, which handles all the funds raised in America by the American Jewish Relief committee and other Jewish fund-raising organizations in the United States.

Need Is Explained. Dr. Boris D. Bogen, one of the representatives abroad of the distribution committee, explained in detail the need of inaugurating this system in a report on the subject made public by the American Jewish Relief committee headquarters.

"In order to get results," said Dr. Bogen, "it is absolutely necessary to put the distribution of children's clothing on a ration basis and make it as simple as possible. This is certainly a very small allowance," he continued in referring to the "ration," "and when it is ready to put into practice it will have to be increased."

How he expects to clothe thousands of the small children in the Jewish schools of Warsaw via the rationing plan, was explained by Dr. Bogen. The official requirement that goes with a new suit may rouse undisguised contempt in the American small boy; nevertheless, American fathers and mothers cannot help being impressed by its far-reaching benefits to health and sanitation, especially in an impoverished community.

"Before I leave Warsaw," said Dr. Bogen, "I hope to equip 5000 children in the Talmud Torah schools of the city with nice suits—to which they will be entitled after taking a bath."

Sans soap, bathing facilities, and necessary changes of outer clothing or underwear, thousands of innocent small war-victims in stricken Poland have been without the benefits of a bath for months at a time.

"So I am glad," concludes the investigator, "of the telegram I received to the effect that the steamer 'Thala' is already on the way to us with 2461 boxes, a total of seventy-five tons, of soap. This is just the stuff we need!"

## SIERRA CLUB TO WHILE IN NAVY CLIMB TO TOP SADDLEBACK SEES MUCH TO REMEMBER

Members Will Go Up and Back Next Sunday, Starting at Modjeska's

Elwell Squires Finishes Service With Uncle Sam In Foreign Waters

The Sierra Club will hike to Santiago peak on old Saddleback next Sunday, going up and back the same day. There will be twenty-five or thirty in the party and Orange county people who would like to join in the climb will be welcome. They should notify J. H. Scott, county probation officer, before Saturday, so that plans may be made.

The club is composed mostly of Los Angeles men and women. Those coming down for the hike will arrive at Santa Ana at 2:30 Saturday afternoon and will be taken to Modjeska's by truck. A stop will be made at the "sinks" on the way up. It is about an hour's walk each way to the "sinks" from the nearest point the truck can reach.

The party will stay at Modjeska's over night and leave for the top of the mountain about 7 o'clock the following morning. All the members are accustomed to walking and climbing and will make the round trip to the peak in the one day, returning to their homes Sunday evening.

After a service of two years and five months in Uncle Sam's navy, Elwell Squires arrived in Santa Ana today just as good natured and smiling as he ever was.

He has received his discharge from the navy, and is now debating whether he will return to Santa Ana to live or go to Lund, Utah, where his mother is now living.

"This country right here looks better to me than anything I saw," said Squires, "and if I go to Utah, it won't be for long, for here's where I belong."

Squires, son of Under Sheriff Robert Squires who was killed in a battle with a bandit at Tomato Springs, was employed by the Santa Ana Steam Laundry when he entered the navy. He went around to the Atlantic aboard the Buffalo, and went overseas in that vessel. His long list of experiences, many of which have been recounted in letters published in the Register, include a fight with submarines, the seeing of the burning of the Ophir, the seeing of the sinking of the British battleship Britannia, a stay at Gibraltar, and taking part in setting rows along the Mediterranean.

He was aboard the admiral's battleship Olympic when four months ago he was sent to Constantinople, and then aboard a vessel to Batun in the Black Sea, where the Russians and Armenians were fighting over boundary lines, and then to Smyrna, where the Turks and Greeks were in a mess. From there he was sent to New York aboard a destroyer, and from New York he went directly to San Francisco overland and was there discharged.

## FORMER SANTA ANA IS NOW IN SWEDEN

Coming as a complete surprise, by virtue of the fact that he had not heard from him for several years, Harry M. Baade, cashier in the consolidated railway offices, Santa Ana, today received a letter from Sam Keys, who for some years was employed here by the Southern Counties Gas Company. The letter was written from Gouthenberg, Sweden.

Keys, according to the letter, is now with the United States Shipping Board, and is studying to become an engineer. The letter was dated at Gouthenberg on October 4, at which time Keys had been there nine days. Keys' trip from New York to Sweden occupied fifteen days.

"I expect to leave shortly for Copenhagen, Denmark, or some other port in Denmark," Keys writes. "Gouthenberg is a pretty little city, for its size. I kind of like it, although I can't say many words in Swedish. However, I am making out all right."

### FINGER BROKEN WHEN TIMBER MASHED HAND

Lou Wylie, employed at the Dixon Pump Works, had his right hand mashed and the little finger of the hand broken Friday when a heavy timber fell on it. He was engaged in getting moulding sand when the accident happened. R. P. DeWitt, also employed by the company, is getting along nicely from his injuries sustained a few days ago. He is suffering from a broken rib.

MISS CROWLEY WINS. ALAMEDA, Cal., Oct. 27.—Miss Rowena Crowley won the one mile national championship swim at Neptune Beach here yesterday in 37 minutes, 18 seconds.

Miss Lucy Boyle of Kentucky arrived Friday evening to spend the winter with her sister, Mrs. E. E. Keech.

# COURTHOUSE NEWS

## UNIQUE DEFENSE IS MADE IN NOTE SUIT

Husband Claims He Signed To Put Stop To Wife's Importunities

One of the contentions that it was expected would be made today before Superior Judge Williams by W. H. Sher, defendant with W. L. Sher in a suit brought by Mrs. W. H. Sher over two promissory notes was that the husband, who admitted signing the notes, did so some time after W. L. Sher signed them, and then only to "put a stop" to his wife's importunities that he do so.

Mrs. Sher instituted the action on June 23, of this year, through Attorney Leonard Evans, of Anaheim, alleging that W. L. Sher and her husband signed one of the notes in question on December 16, 1914. This note was for \$400, Mrs. Sher alleged.

The interest on this note had been paid only to March 16, 1919, according to the plaintiff.

The second note involved in the suit was alleged to have been signed by the two men at Anaheim on June 1, 1915. This note was declared to have been for \$320, and no part of the principal or interest had been paid, the plaintiff claims.

On July 25 of this year W. H. Sher, through Attorney H. V. Weisel of Anaheim, filed an answer on his behalf in which he recited that some years after the execution of the first note his wife repeatedly asked him to sign the note and that "after said repeated urgings and requests, and in order to put a stop to the same," he did sign his name to the note. The same importunities were made by Mrs. Sher some months after W. L. Sher signed the second note, Mrs. Sher's husband recited in his answer.

Either defendants being in court when the case came on for trial, Judge Williams gave plaintiff judgment.

## BANK IS SUED FOR RETURN OF PAPER

Involved in a suit filed in Superior Court today by W. C. O'Connor, through Attorney Ernest B. Coll, of Los Angeles, against the First National Bank of Huntington Beach, is a certain paper, which is alleged to have been signed by T. B. Talbert, and which sets forth that when Chris and Cora Nelson will have discharged a certain promissory note, Talbert agrees to pay to O'Connor the sum of \$980.

The paper in question is alleged to have been left by O'Connor, on March 5, 1914, with R. E. Graves, then cashier of the bank, for purposes of safe keeping, with the understanding that it was to be returned to O'Connor on demand.

O'Connor alleges that the bank claims to be entitled to the possession of the paper as collateral for the purpose of securing the payment of an indebtedness due the bank. The plaintiff declares that this claim is without right or foundation, and that he is entitled to the exclusive possession of the document. The alleged withholding of the paper in question is declared by O'Connor to be unlawful and wrongful.

The plaintiff asks judgment against the bank for the recovery of the document in question, or, in case delivery cannot be had, of the sum of \$980.

The promissory note, in connection with which the paper in question is alleged to have been drawn up, is declared to have been dated on December 29, 1913, and covered the sum of \$2960. One of the clauses in the document which O'Connor claims the bank is unlawfully withholding is to the effect that the interest on the amount of the note is to be paid only whenever interest is received by Talbert from the Nelsons upon an amount equal to the amount of the note. For value received O'Connor endorsed the payment of the note, guaranteeing its payment.

### AUSTRALIA SENDS TWO CITRUS STUDENTS HERE

Riverside Enterprise: That Australia contemplates a larger development of the citrus industry within her borders in the near future is indicated by the presence in Riverside of two former Anzacs, Messrs. Strahan and Hennis, whose mission to California is a study of that industry from the orchard to the consumer.

They are in uniform and under orders, though a good deal of latitude seems to have been allowed them as to modes of procedure in getting at the knowledge they want.

A visit to the Riverside citrus experiment station convinced them there was a good deal to learn.

"The work out there is too advanced for us," they said on their return. "We had better begin with something more elementary."

To that end they visited some of the larger groves down the valley with a view to finding out what these had to offer in the way of practical experience.

Up to Saturday night they had come to no decision and may end by going to the farm school at Davis, to which they are accredited.

LAMAR CONVICTION UPHELD. WASHINGTON, Oct. 27.—The supreme court today upheld the conviction of David Lamar, known as the "Wolf of Wall Street," on charges of conspiring with German agents to prevent the manufacture and shipment of war munitions.

SAN FRANCISCO, Oct. 27.—The Seals sneaked away with the odd game of their series with St. Paul, ending here yesterday, 7 to 6. St. Paul evened the series by capturing the morning contest, 5 to 0.

## Asks Arrest of Man Claimed to Have Violated Probation

PROBATION Officer J. H. Scott today filed a petition in Superior court, asking a warrant for the arrest of Edgar Ellis, who is alleged to have violated the terms of his probation.

Ellis, on July 18, of this year, was convicted of uttering a fictitious check on the First National Bank of Fullerton, and was placed on seven years' probation by Superior Judge West. The check was made out for \$20, and the fictitious name of J. W. Shawn signed to it. It was alleged. The check was alleged to have been endorsed with the name of Earl Convington and to have been passed to T. Papas. It is alleged that Ellis' violation of the court's probation order consisted of forgery.

## Court News

PAY FINES

Walter S. Brubaker and V. Keiser, of Orange, accused of trespassing on the Aliso Gun Club's property, today entered pleas of guilty and were fined \$5 each by Justice John B. Cox.

CHARGES AUTO VIOLATIONS

Complaints charging violations of motor vehicle laws were today sworn to by County Motor Policemen Roy Ballard against Lee Jennings of Oceanside, D. E. Lampron of Hollywood, J. Stinson of Venice, J. L. Bormley of Anaheim, J. R. Givens of 632 West Sixth street, Santa Ana; M. Wagner of Fullerton and D. A. Goetz of Santa Ana.

ASKS WILL PROBATE

Through Attorney Charles D. Swanner a petition for probating the will of Mitchell Matthews, who died in this city on June 15, 1918, was filed today by Sarah A. Matthews.

GRANTS DIVORCE

Superior Judge West today granted James A. Insley an interlocutory decree of divorce from Mary M. Insley. F. C. Drumm of Orange, was attorney for the plaintiff.

## ANAHEIM CAFE MEN SEEK INJUNCTION

Through a suit filed in Superior Court today through Attorney Ernest B. Coll, of Los Angeles, Trefon Harrison and Bill Gathas will seek an injunction which would prevent Mary Ziegler from carrying out an alleged threat to close up a passageway connecting the Oyster Loaf Cafe, at 174 West Center street, Anaheim, with a hotel adjoining the cafe on the west and operated by Mrs. Ziegler.

The plaintiffs declare that Mrs. Ziegler originally caused the passageway to be built for the purpose of enhancing the rental value of the premises used by the cafe. The fact that the passageway was in existence was one of the considerations which induced the plaintiffs, they declare, to lease the room occupied by their cafe.

The lease in question was signed on February 1, 1917, and covered a period of five years, according to the plaintiffs. The lease was signed by the defendant and by her husband, John Ziegler, who died last June.

If Mrs. Ziegler carries out her alleged intention of closing up the passageway the plaintiffs will suffer inestimable damages, they declare. The value of the restaurant business from day to day, in a very great measure, depends upon the continued existence of the passageway, according to the complaint. In fact, the plaintiffs assert, without the existence of the passageway, the lease would be valueless.

### SEARCH LIGHTS WILL PROTECT OIL SECTION

Huge electric searchlights are being erected that will turn night into day around all the oil wells and tank houses in the Brea Canyon oil district, and armed guards will cover the fields with orders to take care of all suspicious-looking characters. The Union Oil company's Chapman gusher will be lighted by arc lights so powerful that any suspicious move will be detected at once. Other companies in the Richfield district are to take similar measures for the protection of the oil properties, tankage, tools and equipment.

### FORMER NAVY ENSIGN DISAPPEARS FROM L. A.

LOS ANGELES, Oct. 27.—City police and private detectives were searching for Wilbert B. Garrison, 26, 800 Riverside Drive, New York, who disappeared from his hotel yesterday leaving a note saying he was "going to get away from everybody where my condition won't be so noticeable." Garrison was recently discharged from the navy, where he was an ensign. Friends believe he suffered a nervous breakdown.

## QUIZ DATE SET IN CONTRACTOR'S CASE

Man Accused of Embezzlement Is Arraigned In Justice Court

Charged with the embezzlement of \$100.17 in connection with a plastering contract at Fullerton, J. R. Huffman is out on \$500 bail today, awaiting his preliminary hearing in justice court at 2 o'clock, November 13.

Huffman was arrested at Fullerton, following the receipt of information by the office of Sheriff Jackson that he had returned from a trip to Oklahoma. The complaint was sworn to on September 24.

H. D. Coon is the complainant in the case. Proceedings against Huffman were begun under a section of the penal code which makes it a felony for a contractor to misappropriate funds paid him for the purpose of paying off labor or buying material.

Coon alleges that he entered into a contract with Huffman on July 1. Under the terms of this contract Huffman agreed to plaster a house at Fullerton belonging to Rodney Stone, 236 East Whiting avenue, and one belonging to W. F. Orton, 233 East Wilshire avenue, all at Fullerton. The complaint recites that the houses were plastered according to contract, Huffman purchasing his materials from the Mercantile Transfer and Storage Company, of Santa Ana.

It is alleged that on the completion of the plastering Coon, on July 26, paid Huffman all the balance due on the contract and that Huffman received the balance for the purpose of paying it to the local transfer company. The balance, according to Coon was \$100.17, the amount which Huffman is charged with embezzling, hundred longshoremen who were re-

## SCORES ARE INJURED DURING STRIKE FIGHT

NEW YORK, Oct. 27.—Scores of persons were injured today in a riot following a clash between two thousand strike sympathizers and several hundred longshoremen who were re-

turning to work. The fight, which was the most serious during the present longshoremen's strike, occurred near the Bush terminal in Brooklyn. Clubs, stones and fists were freely used and revolvers were fired. Police reserves, vigorously wielding clubs, finally restored order. Ten arrests were made.

## Victory Account

SAVE—LIVE—HAVE

for Fathers and Mothers  
What will be the future of that boy or girl?

Some day they are going to be grown up.

Naturally you want them to be able to take advantage of the opportunities to enter business that are usually missed through lack of capital.

In other words, you want them to start out in life with a good financial backing.

How can it be done?

The VICTORY ACCOUNT is the answer.

In ten years from now you will be able to present your boy or girl with \$1000 if you deposit \$7.67 in this Bank each month.

And if you should die in the meantime this Bank would call upon the Insurance Company for enough money

to increase your VICTORY ACCOUNT to \$1000.

Here's a suggestion:

Supposing you have a son. Open a VICTORY ACCOUNT for him and have the insurance on your life. You make the deposits until he is earning money and then insist upon him keeping up either a part or all of the deposits.

Save saving is fine discipline.

It gives boys and girls the special training in economy and thrift that is usually so lacking.

Start TODAY!

Then instead of having to plod along with the "crowd" your boy or girl will have a chance to be in the lead.

And the VICTORY ACCOUNT will have done it.

Think it over.

# S. A. OBSERVES ROOSEVELT'S NATAL DAY

## WILL ORGANIZE FOR CARRYING ON WORK FOR MEXICANS

Supt. Cranston Points Out That There Is Much To Be Done

Preliminary steps for the organization of a vigorous Americanization association in Santa Ana to co-operate with whatever agencies may arise in bringing Mexicans of this community to a better understanding of American ways, customs and ideals were taken at a meeting at the city hall Saturday afternoon.

At that meeting it was arranged that J. A. Cranston, city superintendent of schools, who was chairman of the meeting, shall set a date for another meeting at which every parent-teacher association of the city and all clubs interested in the school shall be represented. At that meeting permanent organization is to be secured, and committees will be appointed to take up definite lines of action.

That there are conditions in Santa Ana that need remedying was pointed out in an address by Superintendent Cranston in opening the meeting.

"There has been a great deal said and done about the necessity of Americanization," said he, "and in the plan we all agree. So far as we are concerned, however, we have but one Americanization problem. That is our Mexican problem, and in order to do effective and needed Americanization work we do not need to go any further than to portions of our own city."

**Greater Helpfulness**  
The superintendent pointed out that the establishment of the two Mexican schools in this city had placed the schools in a position to be of far greater helpfulness to the Mexicans than ever before.

"There are three things that can be done among the Mexicans here," said he. "First, the proportion of them that can speak the English language can be increased. Second, the Mexicans can be given instruction in American ways, customs and ideals. Third, better housing conditions can be provided."

"Santa Ana has provided two Mexican school buildings. Mexican children are going to these schools for the first three grades. A playground, a busy room for work, and shower baths are features at each school. The teachers at these schools are to go into the homes of the children, get acquainted with the parents, and do what is possible in the way of encouraging the parents to better sanitary conditions. Classes in sewing and in studying English are to be given the mothers, and in English for the fathers. These classes will be given evenings."

"A good deal ought to be done in furnishing better housing for Mexicans here."

Superintendent Cranston described sanitary conditions along an alley near one of the schools. He said he had reported the situation to the city health officers.

**Menace to Health**  
He said that while it was probably true that living conditions for most of the Mexicans are much better than they had in Mexico, yet the sanitary conditions are such that the element of health menace to the rest of the city should be taken into consideration, as well as the health menace to the Mexicans themselves.

During the meeting, the advisability

## Wildcat Well Near Irvine Looks Very Interesting

OIL drilling companies are notably reticent about divulging information about their success, but a report is now out on apparently good authority that the H. K. and T. wildcat well being drilled a few miles south of Irvine, is showing some promising indications.

The hole is now drilling at 1500 feet, it is reported, and there is enough oil and gas being encountered to make things look interesting, the well having commenced at 1400 feet to show up rather good. It is rather unusual, oil men say, for a blue shale to carry any oil or gas.

## LUTHERANS SAY FAREWELL TO REV. RUDNICK

After five years' faithful and efficient service as its pastor, Rev. E. J. Rudnick this week gives up the leadership of Trinity Lutheran church of Santa Ana, that he may go to Banning for the purpose of regaining his health, shattered months ago by an attack of the influenza. He and his family leave tomorrow for their new home. The new pastor of the church, Rev. William Schmoeck, is to arrive here with his wife and two children this week, and will preach at Trinity church next Sunday.

Rev. Rudnick was very well liked by his congregation, and it was with sincere expressions of regret that he learned of his decision to leave. Following the attack of influenza last winter, Rev. Rudnick was in Banning for several months on leave and his health was much benefited. He returned here, but his physician found that he was not yet in such physical condition that he could remain here, and it is upon his physician's advice that he is returning to Banning.

At Banning he will have charge of the small Lutheran mission located there. It is Rev. Rudnick's expectation that a year's stay at Banning will recuperate his physical strength so that he can take a church elsewhere.

**Farewell Sermon Subject**  
"I commend you to God and to the word of His grace," Verse 32, Acts 20, was the subject of Rev. Rudnick's farewell sermon yesterday. A very beautiful and appropriate solo, "God Will Take Care of You," was sung by Mrs. C. W. Raney.

Last evening a farewell reception was given to Rev. and Mrs. Rudnick in the church assembly hall. A musical program, refreshments and the presentation of a substantial purse to Rev. Rudnick were features of the evening. "God Be With You Till We Meet Again" was sung in closing.

The new pastor, Rev. Schmoeck, will arrive here this week and will be installed as pastor at services to be held at 2:30 o'clock next Sunday afternoon. Those services will be in charge of Rev. W. A. Thies of Olive, assisted by Rev. J. Kogler of Orange, and Rev. H. G. Schmelzer of Anaheim. A reception to the new pastor and his family will be given in the church assembly hall next Sunday evening.

Get those novelty Hallows'en candies at the Dragon.

## MORE BONDS FOR GOOD ROADS TO BE DISCUSSED AT MEETING

Associated Chambers Will Probably Take Up Matter Wednesday Night

Advisability of Orange county floating another bond issue for the extension of paved roads in the county probably will be one of the big features of the meeting of the Associated Chambers of Commerce to be held at the Oyster Loaf Cafe in Anaheim Wednesday evening. A big attendance is expected and those from Santa Ana and vicinity who want to attend should advise Secretary J. C. Metzgar of the Chamber of Commerce at once.

A movement is on to organize a district in the northern part of the county for the improvement of certain roads within the district. In some quarters of the county the position is taken that if any more roads are to be built it should be done by the county, rather than by a district method.

It is conceded that the time is near at hand when the county will have to attempt a bond issue for the improvement of more roads, and those who believe this see a menace to a county bond issue by the formation of districts for road improvements.

With such a district organized and roads built, it is believed property owners in the district would oppose a county bond issue and result in tying up further building except by districts. To create districts where ever new roads are needed would be an endless job, with possibility of failure to build important connecting roads, which would detract materially from the system of highways in the county.

**Plan for Heavy Loads**  
The need of more substantially built roads to take care of truck traffic that is becoming heavier all the time, with the traffic to the load yet unestablished, is becoming recognized more and more as the truck transportation develops. The light base of the present system is certain to crumble under the heavy loads of today, and all future building should be with a view to providing for this traffic. Sixteen, eighteen and twenty-ton loads are not infrequent in these days of big trucks.

There is little doubt in the minds of many but that all future construction should be of concrete base five or six inches with asphalt surface of one and one-half to two inches.

The value of the asphalt surface over the gravel and oil has been pretty thoroughly demonstrated on the state highway between Santa Ana and Anaheim. The state put on the asphalt because of the fact that there is no road in the county that has had to sustain the traffic this has in the county in better condition.

With the building of roads by districts, the chances are very much against a uniform grade of road, for one district may use a lighter base while another might use a heavier base. The question of a county issue as against the district plan is being discussed in various sections of the county. As this point is likely to come up at the regular meeting of the Associated Chambers, a record attendance is anticipated. It may be necessary to secure reservations in order to insure a place at the festal board. Names of those intending to be present should be filed with Metzgar not later than tomorrow evening.

**Second Bond Issues**  
Other counties in Southern California have found it necessary to float second bond issues to extend their highway systems and Orange county may have to fall in line to keep up with the procession as well as meet the demands of county people for more paved roads.

Ventura three years ago voted \$1,000,000 and last August put over another issue for \$550,000. San Diego originally voted \$1,500,000 for roads and for many years held the distinction of having the best roads in Southern California, having carried the first issue some fourteen years ago. On November 12, the voters will express themselves on a proposition to bond the county for \$2,300,000 for road extension work.

In 1907 Los Angeles county carried an issue of \$3,500,000 and built 307 miles of highway, and has about doubled the mileage since without voting bonds.

Southern California counties have voted bonds for good roads as follows: Orange county, \$1,240,000; Riverside, \$1,125,000; San Bernardino, \$1,750,000; Kern, \$2,500,000; Ventura, \$1,550,000; Imperial, \$1,500,000; Los Angeles, \$3,500,000.

**MACCABEES, ATTENTION!**  
Monday night, Oct. 27, Great Commander Hall will be with us. A feed. GEO. JOHNSON, Commander.

Spencer Corset. 801 Spurgeon St.

## WASHINGTON AVE SEWER DITCH DUG WITH MACHINE

Power Digger Saves Delay In Completing Important Work

A ditch digger has "saved the day" for Sewer Superintendent Walter Wray in installation of the sewer line from Washington avenue to Santa Clara avenue. The digging probably will be completed by tonight and would have been finished Saturday had not the rain interfered with the work.

Help has been unavailable and had it not been for the superintendent's success in getting the digger, the laying of the line and the paving of Grand avenue probably would have been held up for some time.

The sewer line is being extended 4000 feet to provide relief for the residents along the street between the two points. The trench is twenty-nine inches wide and eight feet deep and the machine will have made the ditch in four or five working days when it completes the job. It would have taken a number of men as many weeks as it took the digger days.

The pipe laying crew has been working right along behind the digger, with the result that both jobs will be completed about the same time. The crew is installing "Ys" for taps wherever property owners want them. They are being marked so that in case connections become necessary later there will be no trouble in locating them. The manholes have not been installed as yet.

Residents along Grand avenue have long been putting up with cesspools and the situation there had become a menace to health. When pavement of the street was undertaken, the sewer was deemed essential and property owners were notified by the health officer that they must abate the cesspool nuisance.

Owners at once got busy and by co-operative effort deposited money sufficient to pay half the cost of the sewer and the city agreed to pay the other half of the cost.

The digger recently has been employed in digging sewer ditches for the system at Seal Beach.

## TELLS OF ORIGIN OF CALIFORNIA'S NAME

A mythical island inhabited by black women without a single man among them served as the origin for the name of California, according to Professor C. E. Chapman, of the University of California. Professor Chapman says: "Since California was not an Indian word, nor was it the name of an Indian tribe, nor member of a royal family, as were the names of several states, people guessed for years as to its origin and application. Most frequently among them has been the suggestion of a derivation from two Latin words, Calida Fornax, meaning hot furnace, and similarly the Catalan word, California, meaning hot oven, has been brought forward."

The origin of the name California has been definitely traced to a book, Las Serges de Esplandian (the deeds of Esplandian) which was published about 1500. Edward Everett Hale found in this book a reference to a strange and romantic island, "California."

The Serges, which is a sequel to a very famous book, "The Amadis de Gavia," is a fantastic novel of chivalry dealing with the supposed siege of Constantinople. In the midst of the siege the pagans, attacking the city, received aid from Queen Califa, of the island of California.

California is described as an island close to that part of the terrestrial paradise which was inhabited by black women, without a single man among them.

The island abounds with gold and precious stones. It is thought that they found it when they came to the peninsula of Lower California.

Professor Chapman said the name was probably first used by Jimenez when he discovered the peninsula of Lower California in 1533 and 1534.

## Theodore Roosevelt Whose Memory Is Honored Today

## But One Roosevelt

TODAY is the birthday anniversary of that great American, Col. Theodore Roosevelt.

The world has known but one Theodore Roosevelt. His life, his works, his personality, stand out with a virility of outline that establishes for him a place in the minds not only of his countrymen but of the peoples of the whole world.

His name will go down in history not as a party man, not merely as one of many Presidents, but as the most aggressive, vigorous, capable exponent of rugged, stalwart Americanism, who has ever lived beneath the Stars and Stripes.

He assailed with all the power there was in him the things that he believed were not for his country's good. He knew no fear, no compromise with wrong. He was every inch of him a fighter. His Americanism was red-blooded. Clear vision, direct action, and a fight to a finish marked his statesmanship.

He was a red-blooded American, and it is on this day that we anew enshrine his virtues, his wonderful Americanism, his example to every American of his day and to all of the Americans who shall come after him. America will forever be a better country than it ever could have been if Theodore Roosevelt had not lived.

## SUGAR BOWLS GO OFF L. A. HOTEL TABLES

LOS ANGELES, Oct. 27.—Sugar bowls disappeared from some Los Angeles hotels and restaurants yesterday as a result of the "shortage" of the sweet stuff. Hotels resumed the plan adopted during the war, of serving each customer with two or three lumps of sugar. In some restaurants the waiter hovered over the cup of coffee, spoon in hand, and asked, "Sugar, sir?" Hotel and restaurant managers declare that they received on Friday and Saturday less than one-third of the amount of sugar they had ordered.

Musical Kindergarten, 315 W. 2nd.

## SHELL OIL COMPANY BUYS IN NEW FIELD

HUNTINGTON BEACH, Oct. 27.—According to reliable reports the latest company to try and break into this district is the Shell Oil Company, the great English corporation, one of the rivals of the Standard Oil Company in the markets of the world. Its agents, however, have had hard sledding and so far as known but one small tract has been secured and has been purchased. Most of the land in the vicinity of the Standard lease was already leased or being held under options before the Shell Company agent arrived on the scene.

## SCHOOLS UNITE IN HONORING ILLUSTRIOUS AMERICAN

T. R. Marvelous Example of Robust Righteousness—Rev. Stevenson

The memory of Theodore Roosevelt was being honored in Santa Ana today.

Exercises commemorating the birthday of the illustrious American were held by three of the city's schools, the high school, intermediate and Washington.

The exercises at the high school began at 11:15. The principal address was delivered by Rev. John Oliver, pastor of the First Methodist church. Elizabeth Anderson, a senior, gave a reading, "The Flag on the Firing Line," one of the former president's orations. William Lutz, who was a sergeant in the army and who served in France, spoke on "The Courage of Roosevelt."

At intermediate school an address was delivered by Attorney S. M. Davis. Patriotic songs were sung by the pupils.

Washington school held an assembly at 11:30 at the M. E. Church, South. Rev. P. F. Schrock, pastor of the Congregational church, gave an address. Patriotic songs were sung by the pupils of the school.

**Pays Glowing Tribute**  
"One of the biggest men of his time" was the way in which Rev. J. A. Stevenson, pastor of the First Presbyterian church, in a prelude to his sermon last night characterized the former president. Excerpts from Rev. Stevenson's rousing tribute follow:

"Theodore Roosevelt was one of the most remarkable men who ever lived. He was very versatile. He was well informed on many subjects. He was an all-round man. He was keenly interested in sports, having been an athlete himself. He was a great hunter. He was an authority on natural history. He seemed to have unlimited information in literary fields. He was a shrewd politician. He was a broad-minded statesman and was vitally religious and an attractive and forceful preacher."

"He was intensely human, and while he made mistakes and we could not always agree with him, he was one of the biggest men of his time."

**His Life Fine Example**  
"His life and work stand as a fine example to young American manhood. Probably the strongest impress he made on the world was the impress of his conviction that a square deal should be given to every nation and every individual. In a word, it might be said, that Theodore Roosevelt was a marvelous example of robust righteousness."

Attorney J. C. Burke, president of the Orange County Roosevelt Memorial Association, was at work today on preliminary plans relating to the campaign, details of which, it is believed, will be definitely announced tomorrow.

(Continued on page twelve)

Your Friends Can Buy Any Other Thing That You Can Give Them Except Your Photograph

It is always the thing that money cannot buy that is most highly valued in life. Look through the list of things usually given to one's friends at Christmas. Nothing on the list that carries a personal touch with it, is there? Why worry over the question of "what to give?" You do not know whether they have this or that, but you DO know whether they have your portrait or not. If they have not then your problem of what to give is solved. No fuss, no worry—just come in now and sit for a picture. Then your Christmas shopping is over, and you have done the best thing possible. Get it off your mind tomorrow.

## SOUTHERN CALIFORNIA

REDONDO BEACH, Oct. 27.—Forty  
Elks made the initial payment on the  
property which the lodge is securing  
for a club house on the Esplanade, af-  
ter having been officially informed that  
their charter had been granted by the  
supreme lodge and the application  
sent to the San Pedro lodge to be for-  
warded to Redondo Beach. The char-  
ter is expected to be delivered some  
time before the first of December.

PORTERVILLE, Oct. 27.—Oranges  
are coloring and sizing very rapidly,  
according to C. H. Doyle, the deputy  
horticultural inspector for this dis-  
trict, with indications that some ship-  
ping may be done within the next ten  
days. The first truck to mature is the  
Thompson variety, which is already  
showing about 50 per cent orange  
color.

LOS ANGELES, Oct. 27.—Plans for  
an around-the-world airplane derby  
and data showing the climatic facili-  
ties of Los Angeles as a starting  
place for the greatest aerial event of  
history was outlined at a luncheon in  
the University Club at noon today.  
The organization promoting the race is  
headed by Commodore Louis D. Beaumont.

LONG BEACH, Oct. 27.—With the  
issuance of a \$220,000 permit Satur-  
day for building the new American avia-  
tion school, this became the biggest  
building month in the city's history,  
valuations of buildings undertaken  
since October 1 totaling \$721,767. Sat-  
urday's permits also sent the year's  
total over the \$5,000,000 mark.

POMONA, Oct. 27.—The two big  
canneries in this city are still being  
operated full blast and will continue  
so for another two or three weeks.  
Only tomatoes are now being handled.  
The rains of the last few days are  
said to have helped the plants and a  
very small percentage of the toma-  
toes on the vines are said to have  
been rotted as a result.

SANTA MONICA, Oct. 27.—If the  
plans of Commissioner of Public  
Works W. H. Carter are successful,  
Santa Monica will have an evening  
playground which will be municipally  
operated, in the near future. At the  
urgent request of Horace M. Rebock,  
superintendent of schools, and E. L.  
Morse, city librarian, Mayor S. L.  
Berkeley of the city approved the plan  
of lighting and equipping the Jeffer-  
son school grounds for a playground  
where people of all ages may indulge  
in games and sports.

LONG BEACH, Oct. 27.—Motorists  
coming to this city after a little while  
will find it necessary to park their  
automobiles at an angle of 45 degrees,  
the machines pointing in the direction

in which traffic is moving. Parking  
berths will be marked on the pave-  
ment in the downtown district. These  
are some of the provisions of a new  
traffic ordinance which has passed its  
first and second readings. Riding on  
fenders or running boards of jitney  
buses is forbidden.

## ODD NEWS NOTES

CHICAGO—Residences de-  
signed by housemaids will be sanc-  
tioned by doctors. Right to enter at the  
front door precedence over wage  
demands presented to their em-  
ployers here.

NEW YORK—Four thousand  
Sing Sing prisoners are going to  
use the state to get out. Frank J.  
Hand, in since 1915 for man-  
slaughter, is the first to test out a  
habeas corpus plan to get out.

CAMBRIDGE, Mass.—Harvard  
students want music with their  
meals and threaten to take up a  
collection to hire a jazz band if the  
college authorities do not provide  
digestive harmonies.

ADA, Okla.—The one day old  
daughter of President Gordon of  
East Central state normal school  
caused a stir before she was  
eighteen hours old. The student  
body walked out in her honor.

LOS ANGELES.—"Hereafter  
I'm 'M. P. Snyder,'" declared the  
mayor at midnight as he finished  
signing "Meredith P. Snyder" to  
six hundred municipal bonds.

No. 10632

## LEGAL NOTICES.

ORDINANCE NO. 164

An Ordinance Providing For the Holding  
of Regular Meetings of the Board of  
Supervisors of the County of Orange.

The Board of Supervisors of the County  
of Orange do ordain as follows:

Section 1. The regular meetings of the  
Board of Supervisors of the County of  
Orange shall be held on the first Tues-  
day of each month, beginning at  
the hour of ten o'clock in the forenoon,  
at the chambers of the Board of  
Supervisors, in the Court House, in the  
City of Santa Ana, the county seat of  
said County.

Section 2. This ordinance shall take  
effect thirty days after its passage, and  
prior to the expiration of fifteen days  
from and after its passage it shall be  
published, together with the names of  
the members of the Board of Super-  
visors, voting for and against the same,  
for at least one week in the Santa  
Ana Daily Register, a newspaper  
of general circulation, published and  
circulated in said County of  
Orange.

Section 3. All ordinances or parts of  
ordinances in conflict herewith are hereby  
repealed.

Signed by the Chairman of the Board of  
Supervisors of the County of Orange,  
on this 21st day of October, 1919.  
(SEAL) T. P. TALBERT,  
Chairman of the Board of Supervisors  
County of Orange, State of California.

Attest:  
J. M. BACKS,  
County Clerk and Ex-Officio Clerk of  
the Board of Supervisors of the County  
of Orange, State of California.

I, J. M. Backs, County Clerk of the  
County of Orange, State of California,  
do hereby certify that the Board of  
Supervisors thereof, do hereby certify that  
at a regular meeting of the Board of  
Supervisors, held on the 21st day of October, 1919,  
at which meeting there were present Super-  
visors, T. P. Talbert, Chairman, H. A. Wassum,  
William Schumacher, H. A. Wassum, and S. H. Finley,  
and the Clerk, the foregoing ordi-  
nance consisting of three sections was  
considered section by section, and each  
section separately read and adopted, and  
adopted as a whole, by the following  
vote, to-wit:

Ayes: T. P. Talbert, N. T. Edwards,  
William Schumacher, H. A. Wassum,  
and S. H. Finley.  
Noes: None.

I, J. M. Backs, County Clerk of the  
County of Orange, State of California,  
do hereby certify that the Board of  
Supervisors of said County of  
Orange, on this 21st day of October, 1919,  
at which meeting there were present Super-  
visors, T. P. Talbert, Chairman, H. A. Wassum,  
William Schumacher, H. A. Wassum, and S. H. Finley,  
and the Clerk, the foregoing ordi-  
nance consisting of three sections was  
considered section by section, and each  
section separately read and adopted, and  
adopted as a whole, by the following  
vote, to-wit:

Ayes: T. P. Talbert, N. T. Edwards,  
William Schumacher, H. A. Wassum,  
and S. H. Finley.  
Noes: None.

NOTICE FOR PUBLICATION OF TIME  
OF PROBING ETC.

In the Superior Court of the County of  
Orange, State of California.  
In the Matter of the Estate of James  
A. Turner, Deceased.

Notice is hereby given that Friday,  
the 21st day of October, 1919, at 10 o'clock  
a. m. said court will hear the probate  
of this Court in Department 2 thereof,  
in the City of Santa Ana, County of Orange,  
State of California, for the hearing the  
application of Alice C. Turner, Lizzie Hay  
Inch, and Thomas L. Inch, praying that  
they be appointed administrators of the  
estate of said deceased, and that they be  
admitted to probate, that said Letters  
Testamentary be issued to said Alice C. Turner,  
Lizzie Hay Inch, and Thomas L. Inch, at  
which time and place all persons having  
claims therein may appear and contest  
the same.

Dated October 21st, 1919.  
J. M. BACKS, County Clerk.

NOTICE INVITING BIDS

Notice is hereby given that the Board  
of Trustees of the City of Santa Ana,  
California, will receive bids for the pur-  
chase of:  
One ten ton truck chassis, windshield,  
cab and Presto light complete, wheel  
base 108 to 120 inches.  
One ten ton truck chassis 108 to 120  
inches, with or without trailer chassis 10  
feet long, to be 16 inches to top of same,  
for the collection of garbage.

Specifications for same on file in the  
Office of the City Engineer, City Hall.  
Bids will be received at the office of the  
City Clerk up to the hour of five  
o'clock p. m. on the 3rd day of Novem-  
ber, 1919.  
All bids must be accompanied by a  
certificate of deposit for 5 per cent of the cost  
price payable to the City of Santa Ana,  
California.  
The Board of Trustees reserves the  
right to reject any or all bids.  
E. L. VEGLEY, City Clerk.

# SCHOOLS HONOR ROOSEVELT'S MEMORY

T. R. Marvelous Example of Robust Righteousness—Rev. Stevenson

(Continued from page nine)  
row. Burke today was to ascertain the quota which is to be raised in Orange county.  
A meeting is to be held at Campbell's hall, Orange, tonight, under the auspices of the Roosevelt Memorial Association. It is expected that men, women and children of Orange will rally wholeheartedly to the support of the movement to erect a monument at the old Roosevelt home in Georgia.  
**John Knox to Speak**  
The principal address at Orange tonight is to be delivered by John Knox. Other Orange speakers will pay tribute to the great American, it is expected.  
It is urged that all who love and respect the memory of Theodore Roosevelt attend tonight's meeting at Orange. No collection will be taken, but pledge cards will be distributed and such as wish to contribute to the memorial fund will be given the opportunity.

# GATHER FUND ON BIRTHDAY OF ROOSEVELT

Special Exercises Are Being Held In Many Places Throughout U. S.

NEW YORK, Oct. 27.—In scores of communities today—the birthday of Theodore Roosevelt—exercises are being held to swell the fund to build a permanent memorial to the dead ex-president.  
The movement fostered by the Roosevelt Memorial Association has so gripped the American people that in every state in the Union branches have been organized among men and women of every race, political faith and station in life. While monuments, tablets, trees and public buildings will attest America's love for the versatile colonel in nearly all the larger communities, the main efforts of the association will center in the purchase, development and perpetuation as a center of Americanization the Oyster Bay home of Colonel Roosevelt.

To finance the project, which will have as its prime object the instilling of Roosevelt's ideas and ideals of true Americanism into the hearts of young America, the memorial association is asking contributions to the fund. No definite amount has been set as a goal, the executive committee having ruled that "the association will be highly pleased with voluntary contributions of any amount."

During the campaign week, closing today, state branches whose leaders are men and women prominent in every political party, have had workers in the field. It was originally estimated \$10,000,000 would be required to buy the Sagamore Hill property, the home of Roosevelt, and adjacent property to convert into a permanent park and playground.  
Aiding the Permanent Roosevelt Memorial Association is the Woman's Roosevelt Memorial Association, which has as its object the purchase of No. 25 East Twenty-eighth street, New York City, the house in which Colonel Roosevelt was born. Adjacent property to this house will also be bought, according to present plans, and the whole thing restored and perpetuated.

William Boyce Thompson, president of the Roosevelt Memorial Association, and Mrs. John Henry Hammond, head of the Women's Roosevelt Memorial Association, asked governors of various states to proclaim today Americanization Day in honor of the colonel's memory. In several states public schools are holding exercises. In other states public memorial services were scheduled.  
Exercises at Oyster Bay consisted of the raising of an American flag over Roosevelt's grave—the flag that was carried on foot by Boy Scouts in a month's relay from Buffalo, N. Y., where Roosevelt was inaugurated as President of the United States.

Do you want to rent a typewriter? See R. A. Tiernan Typewriter Co., 219 West Fourth street. Phone 137.

# "A NEW LEASE OF LIFE THROUGH INTERNAL BATHS"

Mr. E. Shain of Santa Cruz, Cal., writes to the Tyrrell Hygienic Institute: "My wife and I will be 85 years young next birthday and consider that the 'J. B. L. Cascade' has given us a new lease of life for we now enjoy the best of health. We were going down hill fast but the Cascade has given us such health as we have not enjoyed in years."  
The "J. B. L. Cascade" cleanses the lower intestine, its entire length and keeps it always free of poisonous waste. Thousands testify that Constipation, Indigestion, Stomach Troubles, Biliousness, Headaches and all the many serious troubles which they cause are absolutely relieved and prevented by this "Nature Treatment."  
Rowley Drug Co., Santa Ana, will be glad to show you the "J. B. L. Cascade," explain its simple operation and will give you free on request, an interesting little book by Dr. Chas. A. Tyrrell of New York, a noted specialist on Internal Bathing for 25 years in that City. Clip this out as a reminder to ask for the booklet at your first opportunity.  
ADV.

# TRAVELED ALL OVER WORLD HE SAYS

But Tanlac Helped him More Than Treatments Here, in Europe, and In South America

The following statement, which was made a few days ago by H. L. Fininger, watch maker for the Nathan Dohrmann and Company, living at 36 Plato St., San Francisco, Cal., is both interesting and remarkable. Mr. Fininger said:  
"I have been treated for indigestion in France, Italy and Switzerland and in North and South America, in fact, all over the world, but Tanlac is the only thing I have ever found to do me much good. Always after eating I would have such awful cramping pains in my stomach that I could hardly stand it. I had fallen off in weight until I was scarcely more than a frame of skin and bones, and my nerves were so shattered that the least little thing would irritate and upset me. I could not sleep to do any good and would get up mornings more tired than on going to bed. My strength and energy had about all left me and many a time I felt like I would be compelled to give up entirely."

"Besides taking everything in the way of treatments and medicines, I have tried all the different kinds of diet, also the rest cure, but never got more than a little passing relief. But the way a few bottles of Tanlac has brought me out is more than I can understand. At that time I began taking this medicine I only weighed ninety-eight pounds, but I now balance the scales at one hundred and eighteen, making a gain of twenty pounds on five bottles of Tanlac. After finishing my first bottle and about half of the second I could see I was getting better and from that time on my improvement was very fast. I can eat just anything now and never suffer a particle of distress afterwards. My nerves are in excellent condition so that I now get eight hours good sound sleep every night. I get up mornings now ready for a good breakfast and a full day's work. I usually put in an hour or two in the mornings working in my garden before going to the store, which would have been impossible for me before taking Tanlac. My appetite is fine now, I relish everything I eat, and am enjoying better health than I have in years. Tanlac has certainly been a life saver to me and it's a real pleasure for me to recommend it."

Tanlac is sold in Santa Ana by Rowley Drug Co., in Fullerton by G. W. Finch, in La Habra by R. H. Hilbert, in Huntington Beach by Rigdon's Pharmacy, in Orange by Dittmer's Mission Pharmacy, in Placentia by A. J. Robinson, in Tustin by Tustin Drug Co., in Brea by Brea Pharmacy, in Buena Park by Regal Drug Co., in Garden Grove by O. H. Anderson and in Laguna Beach by Laguna Beach Pharmacy.—Adv.

# MEXICAN PROBLEMS TO BE CONSIDERED

(Continued from page nine)

ity of having somebody from Santa Ana take some of the University Extension courses in Americanization to be given in Los Angeles was pointed out. There are five courses to be given, covering various phases of the Americanization problem.

The discussion at Saturday's meeting brought out a good many points that will doubtless feature future work of the city Americanization organization that is to be formed. The D. A. R. has planned to give evening programs at the Mexican schools. These schools will probably become community centers for the Mexican districts. Among committees that will probably be appointed will be one on sanitary conditions. That committee will take vigorous steps to see that landlords do away with insanitary conditions upon their properties.

# STATE GAINS MUCH INTEREST ON FUNDS

SACRAMENTO, Oct. 27.—Last month the amount of interest collected on state deposits broke all records, reaching the total of \$37,806.25, according to the report of State Treasurer Friend W. Richardson. This exceeds all collections in previous administrations by more than fifty per cent.

This increase in interest collections is due to careful management and business methods. By placing deposits on a competitive basis, the average rate of interest has been increased nearly one-half. The past few months bids have been running as high as 3 1/2 and 4 per cent, while when Richardson took office most of the state money was out at 2 per cent. Now all deposits are paying 3 per cent.  
Richardson has been able to keep the average state rate in excess of 3 per cent, notwithstanding the fact that many of the cities and counties fix a flat rate of only 2 per cent and their money is in competition with state money.

Women wanted to peel pimientos. Apply at once, ready for work. Can make good wages. Cannery, East First street, at railroad. California Packing Corporation.

# ASSOCIATION IS INCREASING IN SHIPMENTS

Richland Walnut Association Gains 135 Tons Over Last Year

ORANGE, Oct. 27.—R. L. Freeman, secretary of the Richland Walnut Growers' Association, is enthusiastic over the output of the local association this year. Twelve cars have been shipped already and the buyers are insisting that shipments be made as fast as possible.

There are 180 growers in the Richland Association with approximately 700 acres. Freeman estimates the crop at 600 tons with practically 400 tons already taken care of. This is an increase of 135 tons over last year's crop. The total valuation of the walnuts disposed of through the local association will reach \$384,000.

In the ten years since its organization the Richland Walnut Association has paid to growers an aggregate of \$948,837.26 for their walnuts. The net to grower each year was as follows: 1919, \$58,076.60; 1910, \$47,447.56; 1911, \$79,391.10; 1912, \$81,740.19; 1913, \$73,244.64; 1914, \$52,918.01; 1915, \$80,433.84; 1916, \$93,612.42; 1917, \$129,911.19; 1918, \$246,360.73. The Richland tonnage shipped the past four years was as follows: 1915, 326 1/4; 1916, 342 1/2; 1917, 361 1/4; 1918, 483. The 1919 output is estimated at 600 tons.

The association has been steadily gaining in membership until today it has 180 members, representing 700 acres of bearing walnuts. On account of the increased production, a \$7500 addition to the packing house was made last year.

J. A. Smiley of West Orange is the Richland president and director in the central association; the First National Bank of Orange is treasurer, and R. L. Freeman has been secretary for the past seven years. The board of directors includes J. A. Smiley, A. Schildmeyer, John Adams, George Keuchel and J. L. Carner.

**In Hospital**  
Mrs. Leonard Perkins received word from her husband, who is now in a hospital in Toledo, O., where he has been for five weeks, that he underwent a serious operation a week ago. He is very weak at present but there is a chance for his recovery.

Mr. Perkins was employed as a baker by G. W. Whitsett when he was in business here and is well known by many people in Orange.

**Notes and Personals**  
Mrs. M. B. Thompson has sold her rooming house above the post office to Mr. and Mrs. F. Scovel, recent arrivals from the East, who were here in Orange last year.

Mr. and Mrs. Bill Kreuger have moved from El Modena to their new home at McPherson. J. E. Blakeney, store-keeper at El Modena, will occupy the house vacated by Mr. and Mrs. Kreuger.

Mr. and Mrs. C. Wesley Kolkhorst of Wilmington, formerly of Orange, are very happy over the arrival of a little daughter, Eleanor Lillian, Thursday, October 23.

Mr. and Mrs. Fred Bell are here from Visalia to spend some time at the Armin home on South Glassell street. They will also visit the H. R. Perkins family in Villa Park.

Mr. and Mrs. Frank Abolt have returned to their former home in Iola, Kansas, after a six months' visit in Orange with Mrs. Abolt's sisters, Mrs. Leah Clucas, Mrs. George Ryan and Mrs. Anna Van Gorden.

A. Abraham has just received word from Chaska, Minn., of the death of his mother, Mrs. Augusta Abraham, October 19. Mrs. Abraham was 90 years of age.

Women wanted to peel pimientos. Apply at once, ready for work. Can make good wages. Cannery, East First street, at railroad. California Packing Corporation.

# Tobacco Hardens the Arteries, Overtaxes the Heart and Shortens Life

Says Dr. Connor, Who Suggests a Simple Test to Find If It Is Hurting You. Can You Stand It?

New York.—Dr. Connor, formerly of Johns Hopkins hospital, says: "Hundreds of thousands of men who smoke and chew and who believe themselves healthy are suffering from progressive organic ailments. They would never have been afflicted had it not been for the use of tobacco and most of them would soon get well if they would only stop the use of tobacco."  
The best known habit forming principal of tobacco is nicotine, but the most deadly and demoralizing is furfural. Both are deadly poisons, which, when absorbed by the system slowly, but surely, affect the nerves, membranes, tissues, vital organs and vitality of the body.

The harmful effect of tobacco varies and depends on circumstances and the individual. In some it causes general debility, others catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, cowardice and fear, mental confusion, etc.; in others it causes heart disease, bronchial troubles, hardening of the arteries, palpitation of the heart, tuberculosis, blindness, cancer and the common affliction known as tobacco heart.

If you use tobacco in any form you easily detect its harmful effects by making the following simple tests: Read aloud, a full page from a book. If your voice becomes muffled, hoarse and indistinct and you must frequently clear your throat, the chances are that your throat is affected by catarrh and it may be the beginning of very serious catarrh trouble.

# BYE-ELECTIONS UNDER WAY IN CANADA

Inter-Provisional Trade In Liquor Believed Will Be Sanctioned

OTTAWA, Ont., Oct. 27.—Bye-elections in six constituencies in Canada were under way today, voters being asked to elect men on three main issues—nationalization of the railways; civil re-establishment of soldiers and question of further gratuities to service men, and prohibition. General opinion in various provinces has it that inter-provincial trade in liquor will be sanctioned. Prohibitionists seek to stop the import as well as sale of liquor.

Naturalization of railways, urged by the government, will be a hard-fought issue. The Unionists have urged election of their men on the proposition of taking over all lines in the Dominion except the Canadian Pacific. The government could never finance sufficiently that road, which, it is said, is not in need of government aid to make it a successfully-conducted system.

Increased pay to soldiers, discharged and in service, is urged by the Unionist party. The soldiers of Canada already receive a larger gratuity than in any Anglo-Saxon country, Liberals insist.

Districts where candidates for the federal parliament are up for election are Assiniboia, Sask., Prince county, P. E. I., Victoria and Carleton, N. B.; Quebec East, Kingston, Ont., and Victoria, B. C.

# Build With Brick

It Costs No More

Brick is the only absolutely fireproof material that will not crack, spall or fall apart under the combined action of fire and water. It needs no repairs and does not depreciate. It is a finished wall—complete in itself without additional treatment of any kind such as furring, lathing, plastering, waterproofing, flashing or painting. No insurance required on the walls and the rate on the rest of the building is extremely low.

# WAR

demonstrated to the Federal Government and countless others the value of publicity.

Conservation of Food.  
Conservation of Fuel.  
Volunteer War Work  
War Chests  
Bonds.

Because of the high character of the copy, its persistence and its persuasive appeal did it succeed. The phenomenal result in each instance made an unusual impression upon the public and official mind.

The result upon the official mind is the most extensive advertising campaign ever inaugurated.

Shove Off—Join the U. S. Navy.

Mr. Business Man, the principles of advertising are a known quantity and its power to help you should not be overlooked. You should benefit by this war demonstration. Let us fit a campaign for your personal business, let us prove to you that proper advertising will extend your field, increase your profits and build up the community. Yours for service,
